C

ASSESSMENT OF SOME METHODS FOR IMPROVING THE FERTILITY OF CALCAREOUS SOILS IN NUBARIA NORTH TAHREER, EGYPT.

By

MOHAMED EL-SAYED MOURSY

B. Sc. (Soil and Water Sciences), University of Alexandria, 1971

M. Sc. (Soil Science), Moshtohor, Zagazig, University, 1995

Under the Supervision of:

Prof. Dr. Ali Ahmed Abdel-Salam

Professor of Soil Science, Moshtohor.

Ali Abdel Salam

Prof. Dr. Abd-Allah Hamam Abdel-Hadi

Professor of Soil Fertility and Plant Nutrition

Soil, Water and Environment Research Institute.

A. H. Abdel-Hadi

Dr. Ali Mohamed Ahmed Abdel-Haleem

Associate Professor of Soil Science, Moshtohor.

A. M. Abdel-Haleem

**Department of Soil Science
Faculty of Agriculture, Moshtohor
Zagazig University, Benha Branch**

2002

APPROVAL SHEET

ASSESSMENT OF SOME METHODS FOR IMPROVING THE FERTILITY OF CALCAREOUS SOILS IN NUBARIA NORTH TAHREER, EGYPT.

By

MOHAMED EL-SAYED MOURSY

B. Sc. (Soil and Water Sciences), University of Alexandria, 1971

M. Sc. (Soil Science), Moshtohor, Zagazig, University, 1995

This thesis for Ph. D. Degree has been

approved by:

Prof. Dr. Hassen Hamza Abbas

Professor of Soil Science, Moshtohor.

H. H. Abbas

Prof. Dr. Abd-Allah Hamam Abdel-Hadi

Professor of Soil Fertility and Plant Nutrition

Soil, Water and Environment Research Institute.

A. H. Abdel Hadi

Prof. Dr. Sadek Ali Ahmed El-Rais

Professor of Soil Chemistry and Physics Sciences soil,
Water and Environment Research Institute.

S. El-Rais

Prof. Dr. Ali Ahmed Abdel-Salam

Professor of Soil Science, Moshtohor.

Ali Abdel Salam

Dr. Ali Mohamed Ahmed Abdel-Haleem

Associate Professor of Soil Science, Moshtohor.

A. A. Haleem

Date of Examination: 26/2/2002

ACKNOWLEDGMENT

Praise be to *Allah*, who hath guided us to this never could we have found guidance, had it not been for the guidance of *Allah*: Indeed this is the truth.

I wish to express my sincere appreciation and gratitude to *Prof. Dr. Ali A. Abdel-Salam*, Professor of Soil Science, Faculty of Agriculture, Moshtohor, Zagazig University for supervision patient guidance, helpful advise, and constructive criticisms.

Special thanks and deep gratitude to *Prof. Dr. Abd-Allah Hamam*, Soil water and Environment Research Institute, Agric-Research Center for his great help, continuous support and suggesting the problem especially in the field study.

Thanks are also due to *Dr. Ali M. A. Abdel-Haleem*, Associate Prof. of Soil Science, Faculty of Agric., Moshtohor, Zagazig University for his attention, support, and helpful advise. Thanks are also due to the staff members of Nubaria Agric. Res. Station, especially, *Dr. M. Azab*, Head Manager of Nubaria Station, *Dr. M. Atef*, *Dr. H Khalefa* and *Dr. A Awad* for their assistance, great help and providing the facilities during the course of this work.

CONTENTS

	Page
1-INTRODUCTION.....	1
2-REVIEW OF LITERATURE.....	5
2.1.PHOSPHORUS AVAILABILITY IN. CALCAREOUS SOILS.....	5
2.2.EFFECT OF BIO-FERTILIZER ON PHOSPHORUS AVAILABILITY ON SOIL AND PLANT GROWTH	9
2.2.1. Effect of phosphate dissolving bacteria (PDB) on plant growth and biological yield.....	10
2.2.2. Effect of phosphate dissolving bacteria (PDB) on soil pH and available phosphorus in soil.....	12
2.3.AMMONIA VOLATILIZATION IN CALCAREOUS SOILS.....	14
2.3.1.Effect of nitrogen sources on ammonia volatilization.....	17
2.3.2.Effect of application methods on ammonia volatilization.....	19
2.3.3.Effect of moisture content on ammonia volatilization.....	20
2.4.CRUST FORMATION IN CALCAREOUS SOILS.....	22
2.4.1.Nature of soil crust.....	23

	Page
2.4.2. Soil amendments in relation to soil physical condition and crust formation.....	24
3. MATERIALS AND METHODS.....	27
3.1. FIELD EXPERIMENTS.....	27
3.1.1. Field experiment No.1. Wheat experiment....	27
3.1.1.1. Experimental design and factors of study.....	27
3.1.1.2. Cultural practices.....	31
3.1.2. Field experiment No.2. Maize experiment.....	32
3.1.2.1. Experimental design and factors of study.....	32
3.1.2.2. Experimental procedure.....	33
3.1.3. Field experiment No.3. Soybean experiment	33
3.1.3.1. Experimental design and factors of study.....	34
3.1.3.2. Cultural practices.....	34
3.2. LABORATORY EXPERIMENTS.....	35
3.2.1. Laboratory experiment No.1. Volatilization of ammonia from calcareous soils.....	35
3.2.1.1. Experimental design.....	35
3.2.1.2. Experimental procedure.....	36
3.2.2. Laboratory experiment No.2. Surface crust and soil amendments.....	39
3.2.2.1. Experimental design.....	39
3.2.2.2. Experimental procedure.....	40
3.3. METHODS OF LABORATORY ANALYSIS...	42
