Acknowledgements

First of all , I thank **Allah** to whom I relate any success in achieving any work in my life .

I find no words by which I can express my extreme thankfulness, deep appreciation and profound gratitude to **Prof. Dr. Sheirin Abdel Fattah** , Professor of Pediatrics , Faculty of Medicine, Ain Shams University, for giving me the privilege of working under her meticulous supervision and for her generous help, guidance, kind encouragement and great fruitful advice during supervision of this work.

I am deeply grateful to **Dr. Amani Osman**, lecturer of Pediatrics , Faculty of Medicine , Ain Shams University, who kindly offered me supervision , guidance and support.

I am also indebted to **Dr. Mona Fathy** , assistant professor of Clinical Pathology , for her great help, continuous support and sincere advise during the laboratory part of this work..

Also, I am greatly honoured to express my deepest gratitude to **my family**, who continuously supports me and share in a way or another in the performance of this work.

I would like to convey my great thanks to my friends, professors and staff members of Dialysis Unit, Ain Shams University for their cooperation.

Last but not least, my deep thanks and best wishes to my patients, their families, as their cooperation was indispensable for the performance of this work.
