*Benha Univeristy
Faculty of Veterinary Medicine,
Department of Virology*

IMMUNOLOGICAL STUDIES ON NEWCASTLE DISEASE VIRUS IN CHICKENS

*A Thesis Presented
By*

Emad Tawfik Saadalla Abd El-Nour

(B. V. Sc., Cairo University, 1994)

(Diplome of Microbiology, Benha University, 2002)

For

M.V.Sc

Virology

Under Supervision Of

PROF. DR.

GABER F. EL-BAGOURY

*Prof. and Head of Dept. of Virology
Faculty of Vet. Med.,
Benha University*

PROF. DR.

AMINA ABD-ELMOAA'IN NOUAR

*Prof. of Immunology Department of Immunology,
Animal Health Researcher Institute,
Dokki- Cairo*

DR. SAAD SHARAWI ALI SHARAWI

*Lectuer of Virology
Faculty of Vet. Med.,
Benha University*

(2006)

*Benha University
Faculty of Veterinary Medicine,
Department of Virology.*

APPROVALSHEET

This is to approve that the dissertation presented by **Emad Tawfik Saadall Abd El Nour** to Benha University entitled:

"IMMUNOLOGICAL STUDIES ON NEW-CASTLE DISEASE VIRUS IN CHICKENS"

For the degree of M.Sc. of Vet. Science Virology has been approved by the examining committee:

PROF. DR. MOHAMED EL-BARKY ABD-EL-RHIUM

*Prof. of virology and vice dean of
Faculty of Vet. Med.
Zagazig University.*

M. EL-Bakry

PROF. DR. MOHAMED SAID MOHAMED WASSEL

*Head Research of Virology Quality Control lab.
Agricultural Research Center
Abssia, Cairo- Egypt*

Dr. Wassel H. Said

PROF. DR. GABR FIKRY EL-BAGOURY

*Prof and head of dept. of Virology
Faculty of Vet. Med.
Benha University,*

G. F. El. Bagoury

PROF. DR. AMINA ABD-ELMOAA'IN NOUAR

*Prof. of Immunology Department of Immunology,
Animal Health Researcher Institute,
Doky - Giza*

Amina Abd.

17/6/2006

ACKNOWLEDGEMENT

First of all, my thanks to all Merciful God, for all gift, which given to me.

I would like to take this opportunity to express my cardial gratitude and deepest thanks to Prof. Dr. Gaber F. El-Bagoury, professor of virology and chairman of Virology Dept. Faculty of Veterinary Medicine, Benha University, for his valuable help and encouragement given to me during this work and for this unfailing interest stimulating supervision and constructive criticism which made the completion of this work.

I would like to express my gratitude to Prof. Dr. Amiena Ab-Elmoaa'in Nouar Proforser of Immnology, Department of Immnology, Animal Health Research Institute, under whose supervision and criticism this work was carried out, for his over whelming effort, interest and continuous tracing of this thesis.

I would like to express my gratitude to Dr. Saad Sharawi Ali Sharawi, Lecture of Virology Faculty of Vet. Medicien, Benha University under whose supervision and criticism this work was carried out, for his over whelming effort, interest and continuous tracing of this thesis.

The author is also indebted to all members of Virology Department, Faculty of Veterinary Medicine, Benha University for their continuous encouragement and help.
