ACKNOWLEDGEMENT

Firstly my unlimited thanks to "ALLAH"

The author wishes to express his sincere thanks and gratitude to *Prof. Dr. A.A. El-Hosary*, Professor of Agronomy and Head of Department of Agronomy and Agric. Engineering, Faculty of Agriculture, Moshtohor, Zagazig Univ. for his valuable scientific supervision throughout the course of this study, for suggesting the research problem continuous encouragement during the stage of analyzing the data and for providing material.

It gives me immense pleasure to express my deep sense of gratitude and appreciation to *Prof. Dr H.M. El-Nagar*, Professor of Agronomy, Faculty of Agric., Moshtohor, Zagazig Univ. for his valuable advice, inspire help throughout this investigation and during the preparation of this manuscript.

The writer wishes to express his deep thanks to *Prof. Dr. M.B. Habeeb*, the Food Legumes Research Section Field Crops Institute, Agric. Res. Center, for providing facilities and materials and help in field research and offering guidance.

I'm also deeply indepted to *Dr. A.A. Hamada*, Assistant Professor of Agronomy, Wheat Res. Sec., Field Crops Research Institute for analysis the data.
