ACKNOWLEDGEMENT

My greatest thanks to my supervisors Prof. Dr. M. A. El-Samni, Prof of Economic Entomology and Prof. Dr. H.A. Sharaf El-Din, Prof. of Economic Entomology in Economic Entomology and Agricultural Zoology, Dept. Faculty of Agriculture, Menoufia University, for suggesting and supervising the subject, they also reviewing the manuscript.

I wish to express my deep thanks to my supervisor, Dr. A.A. El-Dash, Associate Prof. of Economic Entomology, Department of Economic Entomology and Agricultural Zoology, Faculty of Agriculture, Menoufia University, for his careful supervision and following up this work throughout its all faces. He has also kindly offered me his time and wrote manuscript.

Thanke also to Prof. Dr. Mohamed Fawzy Haydar, Prof. of Economic Entomology, Vegetable Pests Dept. Plant Protection Research Institute, for suggesting and supervising the subject.

I am thankful to the staff members in Economic Entomology and Agricultural Zoology, Dept, Faculty of Agriculture, Menoufia University, due to their helps to carry out my experiments in their laboratories.
