EVALUATION OF PARATHYROID FUNCTIONS IN VARIOUS THYROID DISORDERS BEFORE AND AFTER THYROIDECTOMY

Thesis

Submitted for the partial Fulfilment for the Requirements of M.D. (General Surgery)

By:

Said El - Sayed Mohamad El - Desouky
M.B., B.Ch. M.Sc. (Surgery)

Supervised By

Prof. Dr. Mohamad Abd El - Latif
Professor of Surgery
Zagazig Faculty of Medicine

Prof. Dr. Mohamad Abd El - Wahab
Professor of Surgery
Benha Faculty of Medicine
Zagazig University

Prof. Dr. Nabil Shedid
Professor of Surgery
Benha Faculty of Medicine
Zagazig University

Prof. Dr. Amal El - Mahdy
Professor and Head of Clinical Pathology Dept.
Benha Faculty of Medicine
Zagazig University

Benha Faculty of Medicine

ACKNOWLEDGEMENTS

I would like to express my cordial gratitude and sincere appreciation to Professor Mohamad Abd El-Latif for his meticulous care, valuable help and encouragement that helped me too much in the presentation of this work.

I wish to present my deepest gratitude and thanks to Professor Mohamad Abd El-Wahab for his valuable guidance, advice and kind supervision throughout the work.

Cordial thanks are expressed to professor Nabil Shedid for his constructive comments and suggestions and his careful review of the manuscript.

I am also particularly indebted to Professor Amal El-Mahdy for her suggestions in regard to the experimental design, guidance in the laboratory work, evaluation of the results and her careful review of the manuscript.

To all the participants, either control subjects or patients, my deepest thanks and appreciation for their extreme collaboration and cooperation during this study. Without their help, this work could have not been done in a proper way.

--= DEDICATION =--

To:

My Parents

This work is affectionately

Dedicated.

TABLE OF CONTENTS

<u>Chapter</u>		<u>Page</u>
I	Introduction.....	1
II	Review of literature.....	3
	A. Surgical anatomy of the thyroid gland.	3
	B. Surgical anatomy of the parathyroid glands.....	21
	C. Histology of the thyroid gland.....	24
	D. Histology of the parathyroid gland....	29
	E. Physiology of the thyroid gland.....	32
	1. Normal pathways of iodine metabolism.....	33
	2. Synthesis of the thyroid hormones.	37
	3. Release of the thyroid hormones...	38
	4. Thyroid hormones secretion and regulation.....	42
	5. Reverse triiodothyronine (rT ₃)....	46
	6. Thyrocalcitonin.....	48
	7. Assessment of thyroid function....	51
	F. Physiology of the parathyroid gland... 58	
	1. Historical background.....	58
	2. Parathyroid hormone.....	60

II

TABLE OF CONTENTS (Cont.)

<u>Chapter</u>	<u>Page</u>
3. Calcium metabolism.....	70
4. Phosphate metabolism.....	80
5. Methods used for evaluating para- thyroid function.....	88
G. Thyroid and parathyroid relationship..	99
1. Parathyroid gland and thyrotoxico- sis.....	100
2. Parathyroid functions in hypo- thyroidism.....	108
3. The co-existence of thyroid and parathyroid disease.....	109
III. Patients and Methods.....	117
IV. Results.....	148
V. Discussion.....	205
VI. Summary and Conclusion.....	219
References.....	222
Arabic Summary.....	

III

LIST OF TABLES

<u>Table</u>	<u>Page</u>
1. Causes of Hypercalcemia.....	91
2. Summary of cases Reported in literature coexistent hyperthyroidism and hyperpara- thyroidism.....	112
3. Mean values \pm SE's for serum protein levels in control and various thyroid disorders before operation.....	152
4. Mean values \pm SE's for serum protein levels in control and various thyroid disorders after operation.....	153
5. Summary of simple analysis of variance for testing the significance of difference between the mean values of serum total pro- tein of control and various thyroid disor- ders before operation.....	154
6. Summary of simple analysis of variance for testing the significance of difference between the mean values of serum total pro- tein of control and various thyroid disor- ders after operation.....	155

IV

LIST OF TABLES (Cont.)

<u>Table</u>		<u>Page</u>
7.	Summary of results of paired "t" test for testing the significance of difference between pre and post-operative mean values for each protein fraction.....	156
8.	Summary of simple analysis of variance for testing the significance of difference between the mean values of serum albumin of control and various thyroid disorders before operation.....	157
9.	Summary of simple analysis of variance for testing the significance of difference between the mean values of serum globulin of control and various thyroid disorders before operation.....	158
10.	Mean values \pm SE's for serum calcium, inorganic phosphorus and Ca/P ratio levels in control and various thyroid disorders before operation.....	163
11.	Summary of simple analysis of variance for testing the significance of difference between the mean values of serum calcium of control and various thyroid disorders before operation.....	164

LIST OF TABLES (Cont.)

<u>Table</u>		<u>Page</u>
12.	Summary of multiple range "t" test for testing the significance of difference between each two serum calcium mean values of the control and various thyroid disorders before operation.....	165
13.	Mean values \pm SE's for serum calcium, inorganic phosphorus and Ca/IP ratio levels in control and various thyroid disorders after operation.....	166
14.	Summary of results of paired "t" test for testing the significance of difference between the pre and post-operative mean values for each Ca, IP and Ca/P ratio....	167
15.	Summary of simple analysis of variance for testing the significance of difference between the mean values of serum inorganic phosphorus of control and various thyroid disorders before operation.....	168
16.	Summary of multiple range "t" test for testing the significance of difference between each two serum inorganic phosphorus mean values of the control and various thyroid disorders before operation	169
