Acknowledgments

First of all, I thank Allah, the most gracious, the most merciful, for blessing this work, until it has reached its end, as a part of his generous gifts throughout my life.

I wish to express my sincere thanks and deepest gratitude to Prof. Dr. Mohamed Ragai El-Helow, Professor of Physical Medicine & Rehabilitation, Ain Shams University, for his kind supervision and constructive guidance. It was through his continuous help and moral support that this work was completed. The experience I had during working with his extended far beyond this work to affect many aspects of my personal and professional life.

I am deeply indebted to Dr. Azza Kamal El Gogari, Doctor of Physical Medicine & Rehabilitation, Ain Shams University, for her thoughtful ideas, kind support and encouragement. She devoted much of her time, effort and experience in the supervision of this work till it has seen the light. The experience I had during working with her extended far beyond this work to affect many aspects of my personal and professional life.

I am Greatly obliged to Dr. Mohamed Abdel Baset Awad. Lecturer of Physical Medicine & Rehabilitation Ain Shams University, for his thoughtful ideas, kind support and encouragement. He devoted much of his time, effort and experience in the supervision of this work till it has seen the light.

My gratitude and thanks to Dr. Nermine Ibrahim Ezzat lecturer of clinical pathology for here help and cooperation in this work

Last but not least, I am very grateful to all my family for their unlimited tolerance and support all through.
