ACKNOWLEDGEMENT

First and foremost, I must thank God, the most gracious, the most merciful.

Words cannot express the depth of my gratitude to **Dr. Adel Mishriky**, Professor in Industrial Medicine and Occupational Health, Faculty of Medicine, Suez Canal University, for his precious time and effort, which, compounded by his knowledge and expertise, were of tremendous benefit to me, and a major contribution to the completion of this thesis.

I am indebted to **Dr. Mostafa Eyada**, Professor in Dermatology and Venereology, Faculty of Medicine, Suez Canal University, for his extremely valuable assistance, continuous guidance, and expert advice and insights.

I am also grateful to **Dr. Essam El-Saeid**, Assistant Professor in Community Medicine, Faculty of Medicine, Suez Canal University, whose unlimited support, help in research, and precious advice are greatly appreciated.

Finally, I would like to dedicate a special thanks to the administrative and all workers in Suez Canal University Hospital, who showed cooperation and generous help.
