Zagazig University (Benha Branch)
Faculty of Veterinary Medicine, Moshtohor
Department of Microbiology

Advancing Studies on Spirochaetal Microorganisms Isolated From Animals and Birds

Thesis

Presented By

Nashaat Botroos Eskander

B.V.Sc., Cairo University, (1983)

Under The Supervision Of

Prof. Dr. ALI MOHAMED SOLIMAN EL-GED

Prof. of Microbiology and Chairman of the Dept. of Microbiology
Faculty of Veterinary Medicine, Moshtohor
Zagazig University (Benha Branch)

Prof. Dr. ADEL MAHMOUD A. KHALID

Prof. of Microbiology
Faculty Of Veterinary Medicine, Moshtohor
Zagazig University (Benha Branch)

Prof. Dr. Zein El-Abdin Abdou Mohamed

Head of Parasitology Department
Vet. Serum and Vaccine Research Institute, Abbasia, Cairo

for

The Degree of M.V.Sc. Degree in Veterinary Science
(Bacteriology, Immunology and Mycology)

(1998)

- * *The author was born on 5/11/1958, Shoubra, Cairo, Egypt.*
- * *His primary education was completed in Nasr Primary School, El-Kharga, El-Wady El-Gdeed Province, from which he graduated in 1970.*
- * *His preparatory education was completed in El-Kharga Prep. School, El-Wady El-Gdeed Province, from which he graduated in 1973.*
- * *His secondary education was completed in El-Kharga Prep. School, El-Wady El-Gdeed Province, from which he graduated in 1976.*
- * *His undergraduated and professional education was completed in Faculty of Veterinary Medicine, Cairo University, from which he received B.V.Sc. degree in 1983.*
- * *The author has been occupying the researcher assistant in Veterinary Serum and Vaccine Research Institute, Abbasia, Cairo.*
- * *He received a Diploma degree of Microbiology, from Faculty of Veterinary Medicine, Cairo University, in 1991.*
- * *He was registered by the Department of Microbiology, Faculty of Veterinary Medicine, Zagazig University, Benha Branch, for M.V.Sc. degree since October 1993-1994.*

ACKNOWLEDGEMENT

*I wish first to thanks forever **My GOD** for helping me to complete this work, as he helps all who search for the truth, because he is the way, the truth, and the life.*

*I would like to take this opportunity to express my cardial gratitude and deepest thanks to **Prof. Dr. Ali Mohamed Soliman El-Ged**, Prof. of Microbiology and Chairman of Microbiology Dept., Faculty of Veterinary Medicine (Moshtohor), Zagazig University, Benha Branch, for his valuable help and encouragement given to me during this work and his unfailing interest, stimulating, supervision and constructive criticism which made the completion of this work.*

*I wish to express my deepest appreciation and sincere gratitude to **Prof. Dr. Adel Mahmoud Abd El-Megeed Khalid**, Professor of Microbiology, Dept. of Microbiology, Faculty of Veterinary Medicine (Moshtohor), Zagazig University, Benha Branch, not only for his suggesting and supervision of this work, but also for his excellent help, his keen interest and continuous encouragement.*

Acknowledgment

*I express my sincere gratitude to **Prof. Dr. Zein El-Abdin Abdou Mohamed**, Prof. and Head of Parasitology, Veterinary Serum and Vaccine Research Institute, Abbasia, Cairo who offered me a lot of his time and for his guidance and helpful suggestions during conduction of the experimental part of this study.*

*I am much obligated and greatly indebted to **Prof. Dr. Ahmed Daoud**, Director of Veterinary Serum and Vaccine Research Institute, Abbasia, Cairo, as well as **Prof. Dr. Abdel Salam Zaki Hussein**, Deputy Director of Veterinary Serum and Vaccine Research Institute, Abbasia, Cairo.*

*I am especially indebted to **Dr. Raafat Azmy Dimitri**, Head of BCG Research Unit, Bacterial Diagnostic Products Department, Veterinary Serum and Vaccine Research Institute, Abbasia, Cairo, for his fruitful help in my work.*

*My deepest thanks to **Dr. Kamil N. Mettias**, Senior Researcher, Department of Mastitis and Neonates, Animal Reproduction Research*

Acknowledgment

Institute, to his effort and time he had giving me in Enzyme Linked Immuno-Sorbent Assay test (ELISA).

My thanks to all staff members and persons of Microbiology Department, Faculty of Veterinary Medicine (Moshtohor), Zagazig University, Benha Branch, and also all staff members of Parasitology Department, Veterinary Serum and Vaccine Research Institute, Abbasia. Cairo.
