and Education**

University : Ain Shams University

B. Sc. Graduation year : 2006

*First and foremost, praise and
thanks be to the almighty ALLAH
for his limitless help and guidance
and peace is upon his prophet.*

Acknowledgment

I wish to express my deep thanks, ultimate appreciation and respect to Prof. Dr. Nadia Gharib Kandile, Professor of Organic Chemistry, college for Women chemistry department, Ain Shams University, for Continuous encouragement, valuable advices, continuous valuable helps and valuable criticism during the course of this work.

Prof. Dr. Amal S. Farag, Professor of Applied Chemistry, Refining Department, Egyptian Petroleum Research Institute (EPRI), not only for suggesting the subject investigated, valuable advices, kind guidance, but also for her continuous advice and valuable criticism during all phases of this work.

Prof. Dr. Ebaa A. El-Shamy, Professor of Chemistry, Refining Department, Egyptian Petroleum Research Institute (EPRI), not only for suggesting the subject investigated, but also for her continuous advice and valuable criticism during all phases of this work.

Prof. Dr. Yasser Mostafa, Vice Director of Egyptian Petroleum Research Institute (EPRI) and Director of Central Analytical Labs, for his continuous guidance.

Last but not least, thanks for all members of Refining Department of Egyptian Petroleum Research Institute who helped me to make this work.

DEDICATION

To

My Parents and My husband

I have to thank Allah for choosing

Them to be my family Thank you for

Supporting and helping me

Thank you
