Arabic Summary	

List of Figures

<u>No.</u>	<u>Figure</u>	Page
Figure in Review		
Ī	Incidence of obesity & diabetes mellitus in som European countries.	9
<u>II</u>	Metabolic syndrome & apple versus pear shaped bodies.	32
Ш	Roux-en-Y gastric bypass surgery.	72
<u>IV</u>	Laparoscopic adjustable gastric banding surgery.	73
<u>V</u>	Sleeve gastrectomy surgery.	74
<u>VI</u>	Duodenal switch with bilio.pancreatic diversion surgery.	75
Figure in Results		
1	Comparison between male & female obese participants as regards self-perception.	119
<u>2</u>	Comparison between male & female total participants as regards appropriateness of their self-perception.	120
<u>3</u>	Comparison between obese individuals having appropriate & those having inappropriate self-perception, regarding their anthropometric measures & their quality of life.	121
4	Comparison between male & female obese participants as regards quality of life.	122
<u>5</u>	Correlation between quality of life of obese individuals and their height.	123

List of Figures

<u>No.</u>	<u>Figure</u>	Page :
<u>6</u>	Correlation between quality of life of obese individuals and their waist circumference.	124
<u>7</u>	Correlation between quality of life of obese individuals and their BMI.	125

List of Tables

<u>No.</u>	<u>Table</u>	Page	
``````````````````````````````````````	Tables in Review		
1	Incidence of obesity in USA compared to some European countries.	10	
<u>2</u>	Incidence of over-weight & obesity in middle eastern countries.	12	
<u>3</u>	Comparison between different mechanism of actions & side effects of drugs used in weight loss.	69	
Tables in Results			
<u> </u>	Descriptive data of whole study subjects.	117	
2	Comparison between obese individuals and normal-weight control group, regarding quality of life categories.	117	
3	Comparison between obese individuals & normal-weight control group, regarding quality of life total score.	118	
4	Comparison between obese individuals and normal-weight control group, regarding appropriateness of self-perception of their body weight.	118	
<u>5</u>	Comparison between male & female obese individuals, regarding appropriateness of self-perception of body weight.	119	
<u>6</u>	Comparison between male & female whole participants (normal weight controls & obese individuals), regarding appropriateness of self-perception.	120	

### List of Tables

<u>No.</u>	<u>Table</u>	Page :
7	Comparison of anthropometric measures & quality of life total score, according to self-perception of body weight, in obese individuals.	121
8	Comparison between male & female obese individuals, regarding their quality of life total score.	122
<u>9</u>	Correlation between anthropometric measures & quality of life total score, among obese individuals.	123
<u>10</u>	Comparison between individuals with appropriate & inappropriate self-perception, regarding their quality of life categories, among normal weight control group.	126
<u>11</u>	Comparison between individuals with appropriate & inappropriate self-perception, regarding their quality of life categories, among obese individuals.	126
