ACKNOWLEDGEMENT

Firstly, my unlimited thanks to "Allah"

The author wishes to express his sincere thanks and gratitude to Prof. Dr. A.A. El-Hosary, Professor of Agronomy and Head of Department of Agronomy and Agric. Engineering, Faculty of Agriculture, Moshtohor, Zagazig Univ. for his valuable scientific supervision throughout the course of this study, for suggesting the research problem, continuous encouragement during the stage of analyzing the data and providing material.

I would like to express my great appreciation to Prof. Dr. El-Sayed Hefni Mohamed, Agron. Dept., Fac. of Agric., Moshtohor, Zagazig Univ., for his supervision, guidance and encouragement.

The writer wishes to express his deep thanks to Prof. Dr. Mohamed Abd El-Rahman El-Borai, Head of Research, Food Legumes Research Section, Fields Crops Research Institute, Agric. Res. Center, for providing facilities and materials and help in field research and offering guidance.

I'm also deeply indebted to Dr. A.A. Hamada, Assistant Professor of Agronomy, Wheat Research Section, Fields Crops Research Institute, Agric. Res. Center, for analyzing the data.

Also, I wish to thank Prof. Dr. Mohamed Ibrahim Amer and all staff members of Food Legumes Research Section at Sakha and Giza for their sincere help during this work.
