

# ACKNOWLEDGEMENT

First and foremost, I feel always indebted to **ALLAH**, the most beneficent and merciful.

Words stand short when they came to express my gratefulness to my supervisors.

First I would like to express my utmost gratitude to **Prof. Dr. Ahmed Abd El Kader Abd El Aziz El Hissewy**, Emeritus Head of Research and Head of Rice Technology Training Center (Previously), Field Crop Research Institute, Agriculture Research Center (A.R.C.), for his guidance, fruitful suggestions, valuable advice and great help.

I am highly indebted to **Prof. Dr. Fathy Ibrahim Radwan**, Professor of Agronomy, and Vice Dean for Community Development and Environment Affairs, Faculty of Agriculture (Saba Basha), Alexandria University for his useful supervision, encouragement and helping to overcome all the obstacles to bring that work to light.

I wish sincerely to thank **Prof. Dr. Mahmoud Abd El Aziz Gomaa**, Professor of Agronomy, Plant Production Department, Faculty of Agriculture (Saba Basha), Alexandria University.

My deepest appreciation to **Prof. Dr. Ali Issa Nawar**, Professor of Crop Science, Faculty of Agriculture, Alexandria University, for his valuable assistance in the statistical analysis, continuous support and his useful everlasting advice.

Also, my deepest appreciation to **Prof. Dr. Sobhy Abd El Halim Ghanem**, Emeritus Head of Research and Head of Rice Research and Training Center (previously), Field Crop Institute, Agriculture Research Center (A.R.C.), for his valuable assistance in soil analysis and his kind support.

Special thanks to **all staff** members of the Experimental Farm (Saba Basha) Alexandria University, for their help during this work in the farm.

Special thanks to **all staff** members of Plant Production Department, Faculty of Agriculture (Saba Basha), Alexandria University, for their encouragement and great help.

I would like to express my deepest appreciation to **all staff** members of Rice Technology Training Center, Field crop Institute, Agricultural Research Center, for their help and providing any facility for this work.

Finally I would like to express my deepest appreciation from my heart to my, **Family Members and all my friends** for their support, encouragement, care and patience during preparing MS.C. Thesis.
