Acknowledgment

I'd like to express all my deep gratitude and appreciation to *Prof.Dr. Mohammad E. Abd El Monsef* for his supervision, continuous encouragement, kindly hearted assistance and believing in me ever since I was studied in the undergraduate stage till now. Actually, he gave me the way to achieve my success today, I really owe him a lot.

Prof.Dr. El Hossainy A. Rady, words fail me when I try to express my hearty thankfulness for You. In fact, you taught me a lot and I hope I would be able to make you always proud of me. You supported me with all possible help, fruitful discussions, and generosity in knowledge transfer throughout this work. Really, I could never forget this all my life.

It gives me honor and privilege to express my sincere appreciation to *Prof. Dr. Abd El Monem M. Kozae* for providing me all bases for this work, continuous encouragement, generous guiding and advising me during this work. In fact, I am so happy to be one of his working group and I can not thank him enough for his kind help and valuable support.

My deep gratitude and thanks are due to *Dr. Mohamed Mohamed Ezzat* for providing me with all possible help, useful suggestions and interesting discussions during this work.

I'd like to express my great thanks to *Prof.Dr Mohamed Beltagy*, Head of Mathematics Department, Faculty of Science, Tanta University for his support, encouragement and providing me a perfect working environment throughout this work

My sincere gratitude to *Dr. Amgad Salama* for all useful discussions and his cooperation during the work of this Thesis.

Last but not least, to my dear professors and colleagues at mathematics department, Tanta university and the I.S.S.R., Cairo university, I offer my thanks and gratitude.
