Key words

- Panretinal Photocoagulation
- Optic Nerve
- Diabetic retinopathy

Abstract

Althuo Panretinal Photocoagulation have an effect on the optic nerve yet the benefits is much more than the harmful effects.

Acknowledgments

I am deeply indebted to **Prof. Dr. Gamal Barhoma** Professor of Ophthalmology, Faculty of Medicine, Cairo University, for his continuous support, kindness and meticulous supervision for this work. Actually, words are not enough to convey my deep gratitude and cordial feelings. God Bless him.

My sincere and great appreciation to **Dr. Yasser Soliman and Dr. Nihal Adel** Lecturers of Ophthalmology Cairo University for their effort, encouragement and valuable instructions. Without their meticulous revision of every point in the essay, this study will not be accomplished.

* Again to me it is a great honour, generosity and blessing to have **Prof Dr Amin Gad El-Rab** Chairman of the department and prof. Of Ophthalmology faculty of medicine

Ain Shams University participating in my discussion

- * Also , it is a compliment , great honor and blessing to have my **prof. Dr Momtaz Hegazy** Prof Of Ophthalmology Faculty of medicine Cairo University to participate in the discussion of this Essay . Actually I'm very much pleased to have him with us
- * Also my thanks to my professors and all staff members of the Ophthalmology Department, Faculty of Medicine, Cairo University.

Ahmed Tamer Sayed Saif
