**IMMUNOHISTOCHEMICAL STUDY OF
P53 AND EGFR EXPRESSION AND
HISTOCHEMICAL STUDY OF
SELECTED BENIGN AND MALIGNANT
SALIVARY GLAND TUMORS**

THESIS

Submitted For The Partial Fulfillment of
The Master Degree in
ORAL PATHOLOGY AND BIOLOGY

Submitted by

WAFAA H. EL-HOSSARY

B.D.S, 1995

SUPERVISORS

PROF. Dr. TAREK MOSTAFA EL-SHARKAWY

Profesor of Oral Surgery

Faculty of Dentistry

Cairo University

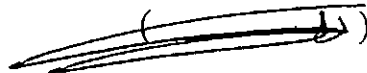

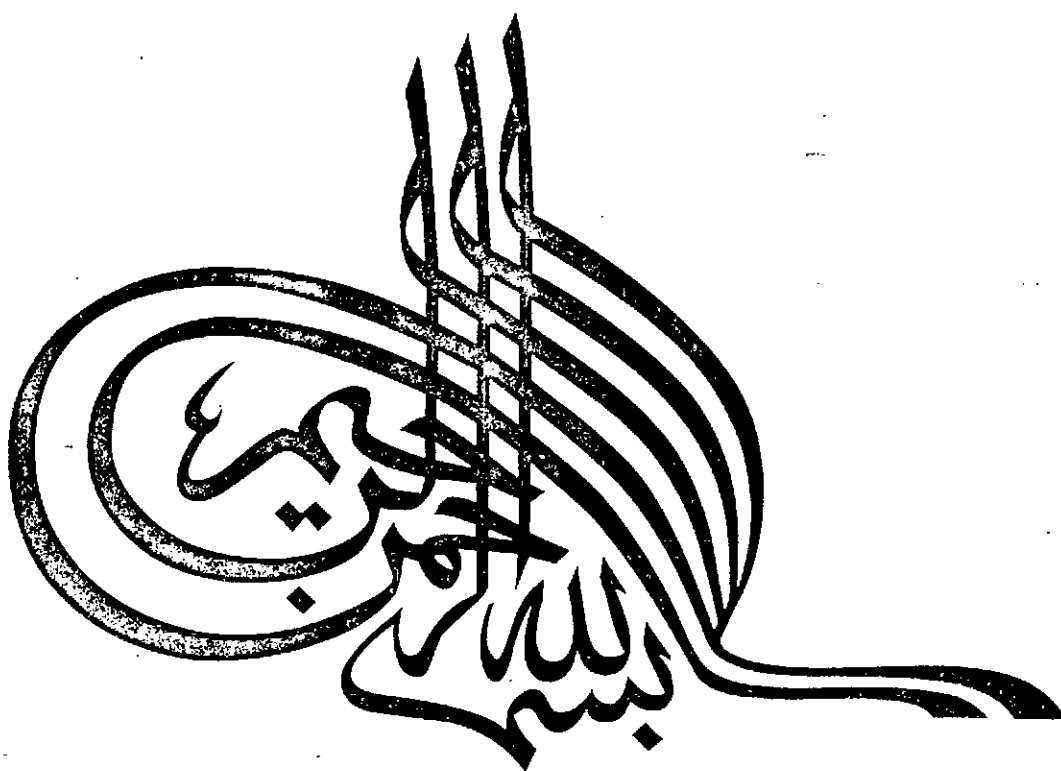

PROF., Dr. MOHAMED BADR HASSANIN

Ass. Professor and Head of Oral Pathology Department

Faculty of Dentistry

Suez Canal University.

Dedication

To my family

Acknowledgment

I would like to thank Prof. Dr. **Tarek Mostafa El-Sharkawy**, Professor of Oral Surgery, Faculty of Dentistry, Cairo University, for his great support and encouragement.

I am deeply indebted and grateful to Prof. Dr. **Mohamed Badr Hassanin**, Associate Professor and head of Oral Pathology Department, Faculty of Dentistry, Suez Canal University, for his generous cooperation, continuous guidance, patience and constructive criticism.

I wish to express my sincere gratitude to Dr. **Amany Abd El-Hamid Emam**, Lecturer of Pathology, National Cancer Institute, Cairo University, for her precious help and guidance in collecting tissue samples for this study.

Finally, I would like to thank every one who gave me a hand throughout this study specially my colleagues and members of Oral Pathology Lab, Faculty of Dentistry, Suez Canal University, for their great cooperation.

CONTENTS

	Page
I. Introduction.	i
II. Review of literature.	1
A. Salivary gland tumors.	1
B. Pleomorphic adenoma.	1
C. Mucoepidermoid carcinoma.	3
D. Adenoid cystic carcinoma.	5
E. Tumor markers.	10
F. Oncogenes.	15
G. Growth factors.	25
H. Immunohistochemistry.	30
I. Immunoperoxidase techniques.	33
J. Quantitative immunohistochemistry.	40
K. Alkaline fast green staining.	41
III. Aim of the study.	42
IV. Material and methods.	43
A. Routine hematoxylin and eosin staining.	43
B. Immunohistochemical staining.	44
C. Alkaline fast green staining.	47
V. Results	48
A. Clinical findings.	48
B. Histopathologic findings.	49

C. Immunohistochemical findings.	62
D. Fast green staining findings.	84
VI. Discussion.	96
VII. Summary and conclusion.	100
