Ain Sham University Institute of Env. Studies & Reseaches Environmental Engineering Dept.

Recycling and Reuse of Industrial Wastewater from Natural Gas Production Fields

A Thesis submitted by

Eng: MOHAMED SAID IBRAHIM MOHAMED

For the fulfillment of the PH.D. degree in Environmental science - environmental Engineering dept.

Under supervision

Prof. Dr. Mohamed Saeed Mahmoud El Khouly

Prof. Of Sanitary Engineering, Faculty of Engineering, Ain Shams University

Prof. Dr. Mohamed El Hosseiny A. El Nadi

Prof. Of Sanitary & Environmental Engineering, Public Works Dept. Faculty of Engineering, Ain Shams University

Dr. Noha Samir Donia

Lecturer in Environmental Engineering Department, Institute of Environmental Studies & Researches, Ain Shams University

Dr. Fahmy Abdel Moneim Zahran

Senior researcher, Institute of Soil, water & Environment Agriculture Research Center, Ministry of Agriculture

2005

Recycling and Reuse of Industrial Wastewater from Natural Gas Production Fields

A Thesis For The P.H.D. Degree In Environmental Engineering

By Eng./ Mohamed Said Ibrahim Mohamed

B.Sc. in Electrical Engineering, Military Technical College, 1969 M.Sc. in Environmental Engineering, Institute of Environmental Studies & Researches, 2002

DEDICATION

This work takes a period from my life. I wish to dedicate it to whom suffered to educate, prepare, build capacity and help my self to be as I am, Kindest regards,

TO THE SPIRIT OF MY FATHER AND MY MOTHER

asking ALLAH to have mercy upon them,

I wish to dedicate it also to whom ease my life and share in carrying the responsibility to help me, with encouragement and patient during the years of progress of this work.

TO MY FAMILY MY CHILDREN

At the last, I wish to dedicate this work

TO MY GRAND CHILDREN

TO MY GREAT - GRAND CHILDREN

For their encouragement and to be a guide in our life together in future

Acknowledgement

For the guidance & help received during the years of my subject studies, I would like to express my deep gratitude to my supervisors:

Prof. Dr. Mohamed saeed M. El-Khouly, Prof. of sanitary Engineering, Faculty Of Engineering, Ain Shams University, for his kind help and support during my study.

Prof. Dr. Mohamed El-Hosseiny El-Nadi, Prof. of sanitary & Environmental Engineering, Faculty Of Engineering, Ain Shams University, whose encouragement & support were invaluable when my study prove somewhat troubles & difficulties, also his help for completion of this study was unlimited.

Dr. Fahmy A. Zahran, Agricultural Research Center & *Dr. Noha Samir Donia*, Institute of Environmetal Studies & Researches, for their advisements and generous support.

Also, I would to thank Dr. Abo El-Khair B. El-Sayed, National Research Center for his constructive directions & fruitful helps. Moreover, my thanks to Dr. Mohamed Gad, Desert research center, for his help in preparing data & information about Geology and Geomorphology of study area.

Finally, my thanks to Dr. Safwat L. Maximous, Agriculture research center, for his help

At the end great thanks for all staff in sanitary eng. Lab and laboratories of agricultural research center, whom were helped me through my work.
