ACKNOWLEDGEMENT

The author wishes to express his deepest gratitude and sincere appreciation to Prof. Dr. Mohamed M. Kady, Prof. of Pesticides and Vice Dean for Community and Environmental Development, Fac. of Agric., Mansoura Univ., for supervising this work. His valuable criticism, reading the manuscript and useful suggestions throughout this investigation are greatly appreciated.

My deep cordial thanks are also due to Prof. Dr. Ali A. Said, Prof. and head of Pesticides dept., Fac. of Agric., Mansoura Univ., for his supervision, reviewing the manuscript, valuable help and encouragement during the course of this work.

Thanks are also extended to Prof. Dr. Adel A. Saleh, Prof. of Pesticides, Pesticides Dept., Fac. of Agric., Mansoura Univ., for his supervision, help and continued guidance during the course of this study.

Also, great appreciation and thanks are also due to Dr. Said A. Emara, Prof. of Plant Protection, Plant Prot. Re. Inst., Agric. Res. Center, Ministry of Agric., for suggesting the problem, supervision, useful advices and great help offered during the investigation period and preparing the manuscript.

Thanks are also due to Dr. Helmy A. Zidan, Assoc. Prof. of Plant Protection at the same institute for his great help, valuable advices, preparing the manuscript and providing the facilities, which made this work available, and also to Dr. Idris S. Abd El-Wahab, for his great help and encouragement during the period of this work achievement.

Thanks also, due to all staff members of Cotton Leafworm Dept., Plant Prot. Res. Inst., Agric. Res. Center, Ministry of Agric., for their kind helps throughout this work.

Finally, Deep thanks and gratitude are also offered to my wife for her patient and great encouragement during the period of this work.
