Acknowledgement

First and for most I feel always indebted to **Allah**, the most kind and most merciful.

I would like to express my deep gratitude to **Prof. Dr. Faten Khyrat El- Guindi**, Professor of Community health Nursing .Faculty of Nursing. Ain Shams University. I am indebted to her meticulous supervision, constructive criticism, unlimited help, motherly attitude that has made the easiest out of the most difficulty and I would not have been able to start each at this work.

I am specially indebted and feel appreciation to **Dr. Magda Abd El- Sattar Ahmed**, Assist. Prof. of community health Nursing, Faculty of Nursing, Ain Shams University, for her close supervision, cooperation, encouragement ; constructive criticism and available guidance, she has always been and will continue to be a great personal pleasure being a student for her.

I feel appreciation to **Dr. Omaina Mohamed Esmat**, Lecturer of Community health Nursing ,Faculty of Nursing, Ain Shams University, for her close supervision, cooperation, and encouragement.

Thanks to my lovely husband for being always tolerant and encouraging during the time of stress.

The candidate
Fatma Ali Eiz El-Reegal
