## **Acknowledgement**

Thanks God for the giving helps during the course of this study.

I would like to express my great gratitude to my supervisors:

**Prof. Dr. Nabil A. Ibrahim**, Prof of Applied Textile, Chemistry & Technology, National Research Center, for his valuable supervision and sincere assistance and efforts;

**Prof. Dr. Wafaa A. ELSayed**, Professor of Applied Textile Chemistry, Women's college, Ain shams University, for suggesting the thesis theme, for her valuable supervision and sincere assistance and efforts; and

**Assist. Prof. Dr. Hosam El- Sayed**, Textile Research Division- National Research Centre, for his consistent supervision, sincere guidance and constructive suggestions throughout all the phases of this work.

Also a special thank goes to the staff members of the Textile Research Division- National Research Centre, my colleges in Home Economics Department and every one who helped and supported me during the course of this work.

Last but not least, great thanks and appreciation go to my husband and my family for their love, support, assistance and encouragement.
