Ain Shams University  
Faculty of Girls

A Thesis Entitled

**The Role of Gamma Irradiation in the  
Host-Parasite Relationship in the  
Bilharzial Life Cycle**

BY

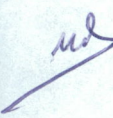

**AMIRA MOHAMED KAMAL ABO-ELELLA**

(B.Sc. Zoology-Tanta University)  
National Center for Radiation Research and  
Technology (NCRRT)  
Atomic Energy Authority

For the

Master Degree of Science

**SUPERVISORS**

 Prof. Dr. Madiha A. Ashry  
Prof. of Histology  
Faculty of Girls, Ain Shams Univ.

Prof. Dr. Hamed R. El-Kady  
Prof. of Radiation Biology   
NCRRT

 Prof. Dr. Ismail Al-Sharkawi  
Ass. Prof. of Physiology  
Tanta Univ.

Dr. Mona A. El-Gawish  
Lecturer in Biochemistry   
NCRRT

1996

B 7719

1015

## **Acknowledgement**

First and foremost, thanks are due to Allah The Beneficent and Merciful.

I would like to express my deep thanks and gratitude to prof. Dr. Madiha A. Ashry, Prof. Dr. of Histology for her kind supervision, valuable help and guidance throughout the whole work and for reading and criticizing the manuscript.

I feel deeply grateful and indebted to prof. Dr. Hamed Al-Kady, Prof. Dr. of Radiation Biology for suggesting the point of study, his supervision, useful discussion, and continuous encouragement during the performance of this work and for reading and criticizing the thesis.

I wish sincerely to thank prof. Dr. Ismail Al Sharkawi, Assist. Prof. of Physiology. To him I owe more than can be expressed, for his generous help, unlimited support, supervision, for fruitful and critical discussion and for reading and criticizing the manuscript.

I am also indebted to Dr. Mona Ahmed, M. El-Gawish, lecturer in the Radiation Biology Department, NCRRT for scientific advice during the practical study and for reading the manuscript.

Thanks for Prof. Dr. Raafat M. Yousri Head of Radiobiology Department, NCRRT and all members of Biochemistry lab for unlimited help and for facilities and support during the practical work.

Finally, thanks are due to Prof. Dr. Amin Z. El-Bahi Head of NCRRT.

---

**To My Family**

# CONTENTS

LIST OF FIGURES .....	III
LIST OF TABLES .....	V
LIST OF ABBREVIATIONS .....	VII
INTRODUCTION .....	1
REVIEW OF LITERATURE .....	3
AIM OF THE WORK .....	23
<b>MATERIALS AND METHODS</b>	
-Experimental animals .....	25
-Maintenance of cercariae .....	25
-Irradiation facilities .....	25
-Preparation of cercarial homogenate for immunization .....	25
-Determination of protein content in cercarial homogenate ...	26
-Immunization regimen and animal groups .....	27
-Adult worm recovery .....	28
-Enumeration of schistosoma eggs in liver tissues .....	29
-Aspartate transferase and alanine transferase assay .....	30
-Alkaline phosphatase (ALP) determination .....	31
-Haemagglutination method .....	35
-Immunodiffusion technique .....	36
-Histological preparations .....	38
<b>RESULTS</b>	
-Effect of $\gamma$ -irradiation on the potency of cercarial homogenate for induction of resistance against <i>S. mansoni</i>	

---

---

---

1- Effect of immunization on the survival rate of mice .....	39
2- Effect of immunization with $\gamma$ -irradiated cercarial homogenate on worm burden in mice .....	39
3- Effect of immunization with $\gamma$ -irradiated cercarial homogenate on ova count in mice .....	46
4- Effect of immunization with $\gamma$ -irradiated cercarial homogenate on the development of the worms .....	46
5- Effect of immunization on liver enzymes .....	54
6- Effect of immunization on the presence of schistosomiasis antibodies in sera of mice .....	61
7- Effect of immunization on liver pathology .....	65
 <b>DISCUSSION</b> .....	 73
 <b>ABSTRACT</b> .....	 81
 <b>SUMMARY</b> .....	 83
 <b>REFERENCES</b> .....	 87
 <b>ARABIC SUMMARY</b>
