Advisors:-

Prof., Dr. TAREK MOSTAFA EL-SHARKAWY

PROFESSOR OF ORAL & MAXILLOFACIAL SURGERY
Ex-DEAN, FACULTY OF DENTISTRY, SUEZ CANAL UNIVERSITY.

(19/12/19)

Prof., Dr. MOHAMMED EKRAM EBRAHEEM

PROFESSOR OF ORAL & MAXILLOFACIAL RADIOLOGY
FACULTY OF ORAL & DENTAL MEDICINE, CAIRO UNIVERSITY.

(۱۰ دوسرا نام)

Prof., Dr. MOHAMMED BADR HASSANIN

ASS.PROFESSOR OF ORAL PTHOLOGY
FACULTY OF DENTISTRY, SUEZ CANAL UNIVERSITY.

Dedication

To the soul of my MOTHER,
the greatest mother in the world.

To my guardian angel, my FATHER who deserve
all appreciation I may ever achieve in all my life.

To the one who has sweeten every thing in my life,
to my sweetheart, my future wife, GHADA.

Acknowledgments

First of all I would like to thank my mother, in her grave, whom her love and attention have been constant source of insistence and intention in my all life.

A special deep gratitude for my father who suffered too much to make me as I am, with asking for nothing but just my happiness.

I am heartly grateful to my supervisors, Prof.,Dr. Tarek El-Sharkawy, Prof., Dr. Mohammed Ekram and Prof., Dr. Mohammed Badr who contibuted their time and energy to my work, for their valuable advice, encouragment and continuous support.

I also express my appreciation to Dr. Amany Zakariea, Head of Rheumatology and Physiotherapy Unit, Faculty of medicine, Suez Canal University, for facilities she had kindly provided. With great pleasure I acknowlodge doctoors of both Pathology and Haematology departments, Faculty of medicine, Suez Canal University, for their sincere cooperation.

My real thanks to whom ever has helped me particularly in the technical work.

Table of Contents

Chapter (I)----- Introduction

Chapter (II)----- Review of Litterateur;

I . Rheumatoid Athritis	1
II. Temporomandibular Joint	19
III. Rheumatoid Athritis and TMJ.....	35
IV. Digital Radiograohy	44

Chapter (III) ----- Aim of the Study 56

Chapter (IV) ----- Subjects and Methods;

A. Clinical examination	57
B. Laboratory investigations	57
C. Radiographic examination	58

Chapter (V) ----- Results;

A. Age and gender distribution of cases	62
B. Subjective muscular findings	62
C. Chief complaints.....	66
D. Pattern and intensity of joint sound.....	72
E. Distribution o periauricular pain.....	72
F. Analogue radiographic bony changes of the condyle.....	79
G. Analogue radiographically recorded condylar position.....	85

H. Analogue radiographic bony changes	
of fossa, eminence and space	98
I. Indirect digital radiographic bony changes	
of condyles.....	104
J. Indirect digital radiographic bony changes	
of fossa, eminence and space.....	110
K. Pattern of jaw deviation on functional movements.....	110
L. Hand and wrist bony changes.....	124
M. Laboratory findings.....	130
 Chapter (VI) ----- Discussion	 136
 Chapter (VII) ----- Summary	 143
 Chapter (VIII) --- Conclusion	 145
