ACKNOWLEDGEMENT

First of all my prayerful thanks should be submitted to my Merciful God "ALLAH" whose gives me the effort to finish this work, and without his willing, I will achieve nothing.

I am deeply grateful and greatly indebted to Prof. Dr. Emtithal Ahmed Bahaa El-din El-Sawi Professor of Organic Chemistry, Chemistry Department, University College for Girls, Ain shams University for her cordial support, stimulating encouragement, valuable criticism, great and continuous help for revising this work.

I would like to express may deepest thanks and special gratitude to Prof.Dr. Mahr Abdel-Aziz El-Hashash Professor of Organic Chemistry, Doctor of Science [D.Sc.], Chemistry Department, Faculty of Science, Ain Shams University not only for his suggesting and directing the research but also for his continuous guidance, encouragement , kind assistance, constructive criticism, keen advice, and unlimited efforts for revising this work.

I would like to express my sincere and optimal gratitude to Associate Prof. Dr. Taha Mahmoud Abdel-Rahman Associate Professor of Organic Chemistry, Faculty of Specific Education, Ain Shams University for his full support, supplying facilities, continuous help and encouragement all over this work

Truly, I am honourd to be one of them students.

The Author wishes to express his thanks to all the members of Chemistry Department, University College for Girls, Ain Shams University for their support and kind Cooperation.

To my family
