ACKNOWLEDGMENT

Firstly, my prayer, obedience, sincere thanks and praise be to ALLAH, who has conferred on us a lot of blessings which we can not enumerate them.

I would Like to express my deep appreciation to Prof. Dr. Mostafa El-Hammady Professor of Pomology, Faculty of Agric., Kafr El-sheikh, Tanta Univ., for his kind supervision, helpful suggestions, and valuable guidance throughout this work as well as during the writing of the manuscript.

Deep gratitude and sincere thanks go to Prof. Dr. Mohamed El-Ansary, Professor of pomology, Faculty of Agric., Kafr El-Sheikh, Tanta Univ., for suggesting the problem, kind supervision, his constant encouragement, unlimited help, continuous valuable guidance during the course of this investigation and writing the manuscript.

Thanks and sincere appreciation is due to prof. Dr. Abd El-Wahab El- Morsy professor of pomology, Faculty of Agric., Kafr El-Shiekh, Tanta Univ., for his kind supervision, sincere help, revising the manuscript and valuable advice during the preparation of the thesis.

Deepest gratitude and sincere appreciation to all staff of Horticulture Department, Faculty of Agric., Kafr El-Shiekh, Tanta Univ., for their encouragement and valuable advice.

My deep gratitude to Hamza El- Ansary owner of orchard for the great help offered by him during this work

I also feel that I must extend my deep gratitude to all the staff in El- Eman, El - Wadi and Gouda packing houses for great help offered by them.

My deep thanks and sincere gratitude are also due to my respected family, especially my parents, for continuous encouragement during the complement of this work.
