ACKNOWLEDGEMENTS

ACKNOWLEDGEMENTS

I do thank ALLAH for all gifts he give me

I wish to express my gratitude to Prof. Dr. A.A. El-Moursy, Professor of insect taxonomy, Department of Entomology, Faculty of Science, Cairo University for his creative ideas continuous help and for his constructive criticism, during the progress of this work.

My sincere thanks are also due to Prof. Dr. Nour El-Dein F. Hamad. Professor of Entomology (Insect physical ecology) Zoology Department, Assiut University for his extremely valuable help and unfailing encouragement. I am deeply grateful to Dr. M.Z.A. Aly assistant Professor of Entomology and head of Zoology Department, Faculty of Science at Qena, Assiut University for his continuous help and encouragement throughout the progress of this work.

It is a pleasure to express my gratitude to Prof. Dr. M.S. Shalabi, Dean of Faculty of Science at Qena and vice president of Assiut University at Qena for providing research facilities.

Finally, I'm grateful to all members of the Zoology department at Qena and Department of plant Protection Research Institute, Agriculture Research Center, Cairo, especially Prof. Dr. M. Badr and Dr. F. Negm for identifying the samples. Also my great thanks are due to Dr. R. Badran for his great assistance and to Dr. E. Abdel-Ghani and for my colleague M. B. El-Mahdi for their help computing assistance. My sincere thanks to Dr. A.A. Abdel-All for identifying some samples. I am grateful to my brothers for their assistance.
