# **PROLACTIN HORMONE AMONG EPILEPTICS**

**Thesis**

Submitted for Partial Fulfillment of  
M.Sc. in Pediatrics

**By**

***Ghaleb Hussein El-Saady***

(M.B.B.Ch. Dp)

**Supervised By**

**Dr. Hoda Lotfy El-Sayed** 

Professor of Pediatrics

Faculty of Medicine - Ain Shams University

**Dr. Gehan Kamal Hassan Ali**

Professor of Clinical Pathology

Faculty of Medicine - Ain Shams University

**Dr. Osama Nour El-Din Korayem**

Assistant Professor of Pediatrics

Faculty of Medicine - Ain Shams University

 **Faculty of Medicine  
Ain Shams University** 

**1999**

﴿قَالُوا سُبْحَانَكَ لَا عِلْمَ لَنَا إِلَّا مَا  
عَلَّمْتَنَا إِنَّكَ أَنْتَ الْعَلِيمُ الْحَكِيمُ﴾

صدق الله العظيم

[البقرة: ٢٢]

*To my Father and my Mother  
who always forget themselves  
and remember me.*

*To my Wife and my Children  
who suffered a lot during  
preparing of this work*

# ACKNOWLEDGMENT

First and foremost, thanks are all to Allah the most gracious, the most merciful.

No words could ever express my deep gratitude and extreme appreciation to *Prof. Dr. Hoda Lotfy El-Sayed* Professor of Pediatrics, Faculty of Medicine Ain Shams University, for her sincere help, valuable guidance and continuous encouragement all through my work. Without her constructive effort, this research would never been accomplished.

I am also greatly indebted to *Professor Dr. Osama Nour El-Din Korayem*, Assistant Professor of Pediatrics, Faculty of Medicine Ain Shams University, for his great cooperation, close supervision, valuable advices and assistance throughout the whole period of this study.

I would like also to express my great thanks to *Professor Dr. Gehan Kamal Hassan Ali* Professor of Clinical Pathology, Faculty of Medicine, Ain Shams University for her assistance and valuable advice in the laboratory work of this thesis.

Lastly sincere appreciation is extended to everybody who have shared in a way or another in the performance of this work.

# LIST OF TABLES

Table No.		Page
1	Etiology of seizures.....	6
2	Factors that precipitate seizures in susceptible individuals.....	7
3	International classification of epileptic seizures.....	10
4	International classification of epilepsies and epileptic syndrome.....	12
5	Partial seizures subclassification.....	14
6	Etiology of infantile spasms.....	19
7	Treatment of status epilepticus.....	24
8	Non epileptic, paroxysmal disorders classification.....	31
9	Drug choice in children and adolescent classified by seizure type and epilepsy syndromes.....	34
10	Principal pharmacokinetic interactions with AEDs.....	46
11	Anterior pituitary hormones content and metabolic characteristic in normal adult men.....	61
12	Factors that influence serum prolactin secretion in humans.....	63
13	Normal values of prolactin.....	65
14	Abnormal values of prolactin.....	66
15	Descriptive statistics of epidemiological and clinical data of all groups.....	87

## Cont.

Table No.		Page
16	Comparison between group II and III as regards epidemiological and clinical data.....	89
17	Comparison between group II and III as regards epidemiological and clinical data.....	91
18	Comparison between group I and II as regards epidemiological and clinical data.....	92
19	Descriptive statistics as regards mean values of prolactin hormone in the four studied groups.....	93
20	Comparison between group II and IV as regards mean values of prolactin hormone.....	93
21	Comparison between group I and V as regards mean values of prolactin hormone.....	93
22	Comparison between groups I and II as regards mean values of prolactin hormone.....	94
23	Comparison between groups III and IV as regards mean values of prolactin hormone.....	94
24	Comparison between group I and III as regards mean values of prolactin hormone.....	95
25	Comparison between group II and III as regards mean values of prolactin hormone.....	95
26	Effect of sex on prolactin mean values in control group.....	97
