ACKNOWLEDGMENT

I would like to thank Prof. Dr. Salah A. Abo-El-Enen, Professor of Physical Chemistry and Building Materials, Faculty of Science, Ain Shams University, for suggesting this point of the research, also for his valuable guidance and discussion.

Thanks are extended to Dr. El-Sayed I. Al-Wakeel, Assistant Professor of Physical Chemistry, Faculty of Science, Suez Canal University, for his interest and help during the supervision of this work.

I would like to express my gratitude to Dr. Mahmoud A. I. Hewehy, Lecturer in Institute of Environmental Studies and Research, Ain Shams University, for his encouragement.

Also my thanks extend to all my friends and colleagues in Toxicology and Micro-Analytical Research Unit and Chemistry Department, Faculty of Science, Suez Canal University.
