# **BIOCHEMICAL MARKERS FOR SCREENING OF WOMEN AT RISK OF PRETERM LABOR : AN OVERVIEW**

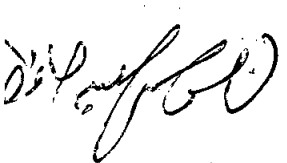

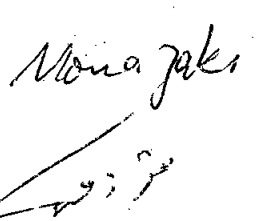

## **Essay**

Submitted for partial fulfillment of Master Degree in  
**Clinical and Chemical Pathology**

By

**Dalia Mostafa Mohamed**  
*M.B.,B.Ch., Ain Shams University*

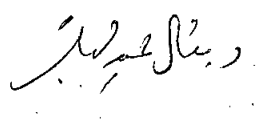

Supervised by

 **Prof. Sawzan Said Hafez** 

*Professor of Clinical and Chemical Pathology  
Faculty of Medicine, Ain Shams University*

 **Dr. Mona Mostafa Osman**

*Lecturer of Clinical and Chemical Pathology  
Faculty of Medicine, Ain Shams University*

 **Dr. Manal Abd El-Baky Mahmoud**

*Lecturer of Clinical and Chemical Pathology  
Faculty of Medicine, Ain Shams University*

**Faculty of Medicine  
Ain Shams University  
2002**

B

1-9E

### **Acknowledgement**

First of all thanks to **Allah** then to my dear husband who granted me the power to accomplish this work.

My deepest gratitude and sincere appreciation to **Prof. Sawsan Said Hafez**, Professor of Clinical and Chemical Pathology, Ain Shams University, for her indispensable guidance and advice, her ever readiness for help and support and her expert touches. No words of appreciation are sufficient for her generous cooperation. I really had the honor of having her supervise for this work.

Heartly thanks to **Dr. Mona Mostafa Osman**, Lecturer of Clinical and Chemical Pathology, Ain Shams University, for her instructive supervision

Many thanks to **Dr. Manal Abd El-Baky**, Lecturer of Chemical and Clinical Pathology, Ain Shams University, for her great support, kind advice and valuable suggestion.

## **CONTENTS**
