## CREDIT SHEET

This M.Sc. Thesis entitled "Role of chelates on the availability of some macro-and micronutrients in soil" and submitted by **Nahed Ahmed El-Sawy Aiad** has been supervised by the following staff members of the Department of Soil Science, Faculty of Agriculture, Minufiya University Shibin El-Kom Egypt.

**1- Prof. Dr. Refaat Ahmed Khalil**

Prof. of soil chemistry,  
Fac. of Agric., Minufiya University,  
Shibin El-Kom, Egypt.

**2- Prof. Dr. Mohamed Hamada Shalaby**

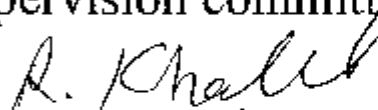

Prof. Of soil fertility and plant nutrition  
Fac. of Agric., Minufiya University,  
Shibin El-Kom, Egypt.

**3- Ass. Prof. Dr. Fatma Saad El-Shafie**

Ass. Prof. of plant nutrition  
Fac. of Agric., Minufiya University,  
Shibin El-Kom, Egypt.

### Signatures of the supervision committee

**1- Prof. Dr. Refaat Ahmed Khalil**

**2- Prof. Dr. Mohamed Hamada Shalaby**

**3- Ass. Prof. Dr. Fatma Saad El-Shafie**

# APPROVAL SHEET

and approved for publication by the author(s) and the publisher.

## APPROVAL SHEET

This Thesis entitled "Role of chelates in the availability of some macro and micronutrients in soil" and submitted by **Nahed Ahmed El-Sawy Aiad** in partial fulfillments for requirements for the Degree of Master of Science of Agric. Sci. "Soils" has been approved by:

**Prof. Dr. Ahmed Ahmed Kaloosh**

.....*Ahmed Kaloosh*.....

**Prof. Dr. Maher Morad El-Shinnawi**

.....*Maher*.....

**Prof. Dr. Refaat Ahmed Khalil**

.....*R. Khalil*.....

**Prof. Dr. Mohamed M. Hamada Shalaby**

.....*M. Shalaby*.....

Shibin Elkom , May , 2002

## Acknowledgement

The author wished to express her profound gratitude and sincere appreciation to **Prof. Dr. Refaat Khalil**, Professor of Soil chemistry Department of Soil Sciences, Faculty of Agriculture, Minufiya University for his effort in suggesting the problem of research, planning the work, supervision, keen guidance and Sincere help through the course of study.

Profound gratitude and sincere appreciation to **Prof. Dr. Mohamed Hamada Shalaby**, Prof of Soil Fertility and Plant Nutrition Dept. of Soil Science, Fac. of Agric. Menoufiya University, for his valuable effort in supervision, careful prevision, keen guidance, writing up the thesis, instructive advice, fruitful discussion and sincere help throught the course of study.

Deep thanks and appreciation are extended to **Dr. Fatma El-Shafic**, Ass. Prof. of Plant Nutrition. Soil Sci. Dept. Fac. of Agri. Minufiya University for her supervision, kind help, guidance and continuous encouragement during this work.

Appreciation and thanks being extended to the staff members of Soil Science Dept. Fact. of Agric. Minufiya Univ. for cooperation and providing of all facilities needed for this study.

Special acknowledgement deep thanks and gratitude to my husband for his cordial supporting, continuous encouragement and help during this work.

# CONTENTS

<b>1. Introduction .....</b>	<b>1</b>
<b>2. Review of Literature .....</b>	<b>3</b>
2.1. Extraction and purification of humic acid .....	3
2.2. Chelating agents (definition – characterization – importance) .....	4
2.2.1. Definition .....	4
2.2.2. Characterization .....	5
2.2.3. Importance .....	11
2.3. Factors affecting availability of P-Zn and Cu in soil .....	15
2.3.1. Concentration and time .....	15
2.3.2. $\text{CaCO}_3$ .....	16
2.3.3. pH .....	18
2.3.4. Organic matter .....	25
2.4. Effect of chelating compounds on mineral solubility .....	30
2.5. Stability constant of chelating agents and factors affecting it .....	32
<b>3. Materials and Methods .....</b>	<b>39</b>
<b>4. Results and Discussion .....</b>	<b>47</b>
4.1. Experiment (1): Factors affecting the extraction of P, Zn and Cu .	47
4.1.1. Concentration .....	47
4.1.2. Soil pH .....	52
4.1.3. Shaking time .....	58
4.1.4. Chelate with soil .....	63

4.1.5. Element with soil .....	68
4.1.6. Element with chelate .....	75
4.2. Experiment (2): Effect of chelates on solubility of minerals .....	75
4.3. Experiment (3): Stability constant of chelates with Cu and Mn ...	78
5. Summary .....	90
6. References .....	96
7. Arabic Summary .....
