and my children for their love and support*

ACKNOWLEDGMENT

Thanks To **ALLAH** who have lightened my path to become a humble student of a noble profession and granted me the ability to accomplish this work.

I would like to express my deepest gratitude and profound appreciation to **Professor Ali Monis**, Professor of internal Medicine, Ain Shams University for his kind support and continuous advice and encouragement

I would like to express my deepest gratitude and profound appreciation to **Professor Nadia Lotfy El-Ansary**, Professor of Internal Medicine, Ain Shams University for her great support, continuous advice and encouragement. Her experience certainly made this work not only possible but also enjoyable. I owe her much more than I can express.

I shall remain much obliged to **Professor Samir Abdel-Hameed Ghait** Professor of internal Medical Ain Shames University for his comprehensive help through out the work

I shall remain much obliged to **Professor Fadila Hassan Sabry**, Professor of Clinical Pathology, Ain Shames University.

I wish to express my deepest gratitude and appreciation to **Dr. Wafaa Kamal**, Assistant Professor of internal medicine Ain Shams University for her grateful help.

List Of Contents

Title	Page
♦ List of abbreviations	I
♦ List of tables	III
♦ List of figures	IV
♦ Introduction	1
♦ Aim of the Work	3
♦ P review of Literature	4
I) Hepatitis C Virus	4
A- Virology	5
B- Epidemiology	6
C- Geographical Distribution of HCV Genotypes	7
D- Hetrogenecity of Hepatitis C Virus	8
E- Risk factors of HCV Transmission	9
F- Diagnosis of Hepatitis C	10
G- Cost Effectiveness of Screening for Hepatitis C	12
H- HCV-RNA Detection and Quantification	12
I- Pathogenesis of Liver Diseases in Hepatitis C	13
J- Hepatitis C and Autoimmune Hepatitis	14
K- Hepatitis C Progress and Problems	15
1- Acute Hepatitis C	16
2- Chronic Hepatitis C	16
a) Definition	16
b) The syndrome of chronic hepatitis C	17
c) Pathology of hepatitis C	18

d) Extra-hepatic manifestations of HCV	26
e) Treatment of chronic hepatitis C	29
II) Hepatitis C in Egypt	32
A- Genotype Prevalence	38
B- Risk factors for infection	38
C- Populations at Risk In Egypt And Africa	41
D- Transmission	43
III) Therapy of Chronic Hepatitis C	47
1- Interferon	49
A- Types of human interferons	49
B- Interferon system	52
C- Mechanisms of action of interferon	52
D- Immune effects of interferon	53
E- Interferon production in acute and chronic hepatitis	54
F- Availability of alpha interferon	55
G- Administration of alpha Interferon:	56
H- Contraindications to interferon therapy	56
I- Side effects of Interferon Alpha	57
J- Usefulness of alpha interferon for treatment of hepatitis C	62
K- Quantitative HCV-PCR at the baseline and one month after IFN therapy to stop or continue therapy	67
L- Interpretion of Biochemical response	68
2- Ribavirin and its role as adjuvant agent with interferon in therapy of chronic hepatitis C	72
