**In The Name of Allah,  
The most gracious, The most merciful**

## Supervisors

**Dr. A. A. El-Barbary**

Professor of Organic Chemistry, Chemistry Department, Faculty of Science,  
Tanta University, Tanta, Egypt.

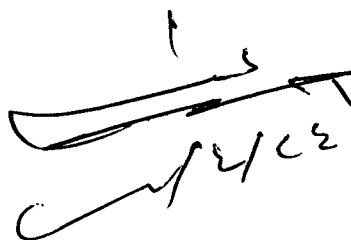

**Dr. A. M. Shokr**

Lecturer of Organic Chemistry, Chemistry Department, Faculty of Science,  
Tanta University, Tanta, Egypt.

Head of Chemistry Department

Prof. Dr. Ahmed Akef

## Acknowledgment

I am deeply thankful to god, by the grace of whom the progress and success of the present work.

I am greatly indebted with grateful gratitude to Dr. Ahmed A. El-Barbary, Professor of Organic Chemistry , Chemistry Department, Faculty of Science, Tanta university, Tanta Egypt , for suggesting and planning the point of research , generous guidance, honest supervision, and endless encouragement for performing and completing this work. I wish to thank him for all what he has done .

Thaks are also due to Dr. A. M. Shokr, lecturer of Organic Chemistry, Chemistry Department , Faculty of Science , Tanta University, For supervising the work, encouragement and help.

Thanks to Prof. Dr. Ahmed Akeila, Head of Chemistry Department, Faculty of Science, Tanta University, for his encouragement.

Also, I wish to express my thanks to Danish International Development Agency (**DANIDA**) establishment, Denmark for their support throughout the work, laboratory facilities and spectroscopic measurments.

**Amal Ahmed Tawfek Hegazy**

**2007**

# Statement

Besides the research work materialized in this thesis, the candidate has attended the following courses for one year in the following topics :-

1- Physical and Inorganic Chemistry	1323
2- Organic Chemistry	1321
3- Physical Organic Chemistry	1322

She had successfully passed the final written examination of these courses held in September 2002

Head of Chemistry Department

Prof. Dr. Ahmed M. Akeila
