ACKNOWLEDGEMENT

First and foremost, thanks to *ALLAH*, the Beneficent and Merciful for helping me to accomplish this work successfully.

A special heart-felt gratitude and most sincere thanks to my Professor and Supervisor *Prof. Dr. FAWZIA A.FAHIM*, Professor of Biochemistry, Faculty of Science, Ain Shams University, for her constant help, faithful guidance. She detected much of her effort toward revising the manuscript before putting it in the final form.

My deepest gratitude and many sincere thanks to my *Prof. Dr. Nadia M. Abdallah*, Professor of Biochemistry, Faculty of Science, Ain Shams University, for her close supervision, valuable guidance during the preparation of the manuscript, sincere encouragement and for her understanding and kindness.

My special tribute is heartily paid to *Prof. Dr. Ali M. Yousef*, Professor and head Rheumatology Department and Genetic unit, Benha Teaching Hospital, for suggesting the point of research, faithful encouragement and his supervising the practical part of the work.

My cordial appreciation, gratitude and deep thanks are extended to *Prof. Dr. Lotfy M. El-Sayed*, Professor of Pediatrics, Faculty of Medicine, Zagazig University, for his keen supervision, tremendous effort and valuable help he offered in the diagnosis of acute lymphoblasting leukemic patients, collecting blood samples and valuable advice in preparing the manuscript.

Deepset thanks and sincere gratitude to ***Dr.Hanan I. Elbastawisy***, Lecturer of Human Genetics, Research Institute of Ophthalmology, Cairo, for her valuable experience, great helps and practical support throughout this study.

My sincere thanks due to ***Dr. Sussan M.Farouk***, Lecturer and head of Clinical Pathology Department, Benha Teaching Hospital, for her continuous guidance and her much effort she has done for preparing a genetic lab with advanced instruments to carry out this thesis.

Deep thanks to my parents

and special heart- gratitude to

my husband

&

my daughter and sons
