ACKNOWLEDGEMENT

**First of all, ultimate thanks are due to Allah,
Who without his aid this work could not be done .**

I wish to express my deepest thanks and sincere gratitude to prof. Dr. F .A .El-lakwah , professor of Economic Entomology at Plant Protection Department, Faculty of Agriculture , Moshtohor , Zagazig University , Benha Branch for his supervising the work , his valuable assistance , and for his constructive criticism.

I wish to express my deep apperception and gratitude to prof. Dr. A. M. Shams El-Dien , professor of Insecticides and head of the Plant Protection Department , Faculty of Agriculture , Moshtohor , Zagazig University , Benha Branch for his helpful suggestion and advices throughout this study.

Deep graditude is also due to prof. Dr. M : M.Abd El-sttar, Professor of Pesticides , Central Agricultural Pesticides Laboratory for supervising the work , his valuable assistance , his constructive criticism and helpful advises during the experimental work .

The author also thanks all members of the Resistance Department , Central Agricultural Pesticides Laboratory for their kind help .

Also many thanks to Ag .Eng. M . A .El-Banna. Engineer of Egyptian Center of Organic Agriculture for his helpful suggestion.
