AKNOLADGEMENT

I would like to express my deepest gratitude to professor Dr Ahmed Abu El-Naga professor of ophthalmology, Ain Shams University, for his great encouragement, sincere guidance, supervision and his enrichment with his vast experience and valuable instructions.

I also feel greatly indebted and grateful to Dr Ahmed Darwish assistant Professor of Ophthalmology, Ain Shams University, for his guidance, continuous support, great help and kind advice.

I would like to thank Professor Dr Shaker Khedr and all the staff of the unit for their help and encouragement and affording a scientific environment that helps me in this work.

I can't forget my father and my mother who didn't stop encouraging me and helping with the resources of this work.

ABBREVIATIONS

APMPPE	Acute Posterior Multifocal Placoid Pigment Epitheliopathy
AMD	Age-related Macular Degeneration
CD ROM	Compact Disc Read Only Memory
CME	Cystoid Macular Edema
CNV	Choroidal Neovascular Membrane
FA	Fluorescein Angiography
FAZ	Foveal Avascular Zone
ICG	Indocyanine Green
ICGA	Indocyanine Green Angiography
PDR	Proliferative Diabetic Retinopathy
PED	Pigment Epithelium Detachments
RD	Retinal Detachment
RPE	Retinal Pigment Epithelium
SIF	Simultaneous Indocyanine green and Fluorescein
SLO	Scanning Laser Ophthalmoscopy

TABLE OF CONTENTS

Introduction.....	1
Historical background.....	1
Anatomical background.....	2
Physiologic fluid barriers in the retina.....	5
Dyes and techniques.....	7
Fluorescein angiography.....	7
The normal angiogram.....	8
Indocyanine green angiography.....	13
Angiographic systems.....	15
Photographing.....	17
The normal angiogram.....	19
The abnormal angiogram.....	21
Advantages of indocyanine green angiography.....	21
Disadvantages of indocyanine green angiography.....	22
Safety Profile.....	23
Fluorescein angiography.....	23
Indocyanine green angiography.....	24
The next dye.....	26
Inflammatory disorders.....	27
Birdshot chorioretinopathy.....	27
Multiple evanescent white dot syndrome.....	28
Acute posterior multifocal placoid pigment epitheliopathy.....	30
Serpiginous choroidopathy.....	33
Harada's disease.....	34
Multifocal choroiditis.....	36
Presumed ocular histoplasmosis syndrome.....	38
Cat scratch disease.....	40
Vascular Disorders.....	41
Retinal artery occlusion.....	41
Retinal vein occlusion.....	43
Retinal arterial macroaneurysm.....	46
Diabetic retinopathy.....	47

Von Hippel-Lindau angioma.....	52
Neoplastic disorders.....	55
Choroidal nevus.....	56
Choroidal melanoma.....	57
Metastatic tumors to the choroid.....	59
Hemangioma of the choroid.....	61
Hereditary disorders.....	65
Retinitis pigmentosa.....	65
Stargardt's disease and fundus flavimaculatus.....	66
Choroideremia.....	68
Miscellaneous disorders.....	70
Choroidal rupture.....	70
Purtscher's retinopathy.....	71
Radiation retinopathy.....	72
Angioid streaks.....	74
Central serous retinopathy.....	76
Drusen of the retina.....	79
Choroidal neovascularization.....	81
Serous detachment of the retinal pigment epithelium.....	85
Choroidal folds.....	87
Tear of retinal pigment epithelium.....	88
References.....	91
Summary.....	106
