## *Dedication*

*I would like to dedicate this study  
to my mother's soul, she is my  
inspiration. Also to my husband  
and my beloved son*

## ***Acknowledgment***

*I can't be thankful enough to Allah, I feel so blessed, for giving me the ability and access to accomplish this study.*

*I would like to express my deepest gratitude and sincere appreciations to Prof. Dr. Hany Ibrahim Eid, professor of Removable Prosthodontics, Faculty of Dentistry, Ain Shams University, for his great help, continuous inspiration, valuable advice, extreme support and guidance throughout this study.*

*Great appreciations and thanks to Dr. Eatemad Rekaby Taha, assistant professor of Removable Prosthodontics, Faculty of oral and dental medicine, Al-Ahram Canadian University, for her effort, care, constant encouragement and ideal supervision to make a dream come true.*

*I am so thankful and very grateful to Dr. Noha Helmy Nawar, lecturer of Removable Prosthodontics, Faculty of Dentistry, Ain Shams University, for her continuous help, great supervision and follow up throughout this study.*

*My deepest gratitude to Prof. Dr. Fatma Al Zahraa Awad, professor of Removable Prosthodontics, Faculty of*

*Dentistry, Ain Shams University, for her great help at the start of this study.*

*No words can express my appreciation and thanks to my husband Prof. Dr. Mohab Rashed, my dearest son, and all my family for their understanding, patience, support, continuous encouragement, and love.*

*Thanks to all the staff members of removable prosthodontics department, Ain Shams University, and the staff members of removable prosthodontics department, Misr University for Science and Technology.*
