(Review Article)

ع. ٧٣٠٤

Submitted in partial fulfillment of the requirement for  
Master degree in Anesthesia

*Presented by*

**Abdel-Raheem Mahmoud Mohamed**

Resident doctor  
Anesthesia department  
Assiut University Hospital

*Supervised by*

**Prof.Dr.Nawal Abdel-Aziz Gad-Elrb**

Professor of Anesthesia and intensive care  
Faculty of medicine  
Assiut University

**Dr. Mohamed Galal Abdel-Raheem**

Lecturer of Anesthesia and intensive care  
Faculty of medicine  
Assiut University

2006

## **ACKNOWLEDGEMENT**

First and foremost, I thank ALLAH who enabled me to complete this work.

Then I would like to take this chance to express my thanks for all who have helped me along the course of my work.

I am greatly honored to express my thanks and deepest gratitude to prof. Dr Nawal Abdel-Aziz, professor of Anesthesia and intensive care, Faculty of medicine, Assiut University, for her kind effort in this study, and for providing me with basic science and applications, and motherly attitude and endless support till completion of this work.

With all my deepest and most sincere feelings, I would like to acknowledge Dr. Mohamed Galal, lecturer of Anesthesia and intensive care, Faculty of Medicine, Assiut University, for giving me the honor of working under his supervision and for his continous encouragement with kind guidance throughout the whole work.

No words can be sufficient to express my gratitude and indebtedness to all staff members and my colleagues in Anaesthesia and intensive care department, Faculty of Medicine, Assiut Universty, for their valuable suggestions and fruitful cooperation

**Abdel-Raheem Mahmoud M**
