1999

بسم الله الرحمن الرحيم

الذي خلقني فهو يهدين • والذي هو
يطعمني ويسقين • وإذا مرضت فهو
يشفين •

صدق الله العظيم

(آية ٧٨-٨٠ سورة الشعراء)

ACKNOWLEDGEMENT

Before all , I Would like to express my deep thanks to Allah without his great blessings , I would never accomplish this work.

I Wish to express my sincere gratitude and appreciation to **Prof. Dr. Mona Abou El Saoud** Assistant Prof. of cardiology – Ain shams university for giving me the privilege of working under her supervision , eminent guidance and continuous encouragement .

No Words can express my respects to her thoughtfulness and Overwhelming kindness . I Must admit that I consider Myself very fortunate and I am proud to have worked under her supervision .

My Deepest thanks and most sincere gratitude go to **Dr. Azza Abdallah El Fiky** lecturer of cardiology Ain shams university for her close supervision , generous guidance enlightening suggestions and creative idea .

I Want to thank **Dr. Nabil Mahmoud Farag** lecturer of cardiology Ain shams university for his valuable instructions and critical mind that brought out the final points of my research and opened new paths of thought which were formerly closed .

I Am deeply indebted to **Dr. Ahmed Ghali** chancellor of critical care cardio-thoracic department Ain shams university for his valuable support during this work .

I Would like to take this opportunity to thank him for every thing he has done for me .
