1-26

1-2--

**ASPECTS OF CHERTIFICATION IN SOME  
LOWER EOCENE CARBONATE ROCKS  
IN EGYPT**

**A THESIS**

*Submitted in Partial Fulfillment for  
the Requirements of M.Sc. Degree  
(GEOLOGY)*

**BY**

**AZIZ MAHMOUD IBRAHIM ABU SHAMA**  
*(B.Sc. GEOLOGY)*

**GEOLOGY DEPARTMENT  
FACULTY OF SCIENCE  
TANTA UNIVERSITY**

**1996**

## CURRICULUM VITA

**Name** : Aziz Mahmoud Ibrahim Abu Shama  
**Date of Birth** : March 15, 1963  
**Locality** : Meniat El Morshed, Motobes, Kafr El-Sheikh  
**Nationality** : Egyptian  
**Qualification** : B.Sc. (1985), Geology Department, Faculty of Science,  
Alexandria University  
**Experience** : Demonstrator of Geology, Faculty of Education at Kafr  
El-Sheikh, Tanta University  
**Permanent  
address** : Natural History Department, Faculty of Education, Kafr  
El-Sheikh, Egypt

Head of Geology Department

Prof. Dr. A. M. Noweir

## Supervisors

Prof. Dr. A.T. Abd El-Hameed

Ass. Professor of Sedimentary  
Petrology, Geology Department,  
Faculty of Science  
Tanta University

Prof. Dr. A.A. Abd El-Wahab

Ass. Professor of Sedimentary  
Petrology, Natural History Department,  
Faculty of Education at Kafr El-Sheikh,  
Tanta University

Dr. A.M. El-Shishtawy

Lecturer of Sedimentary Petrology,  
Geology Department,  
Faculty of Science,  
Tanta University

Head of Geology Department

Prof. Dr. A.M. Noweir

## Note

This thesis is submitted to Tanta University in partial fulfillment of the requirements for M.Sc. degree in geology. Beside the research work materialized in this thesis, the candidate has attended the following post-graduate courses for one year:

- 1- Sedimentary Petrology.
- 2- Sedimentation and Correlation.
- 3- Igneous and Metamorphic Petrology.
- 4- Geochemistry.
- 5- Statistics.
- 6- German Language.
- 7- Essay (Carbonate Coated Grains).

He has successfully passed the final examination of these courses held in September, 1992.

Head of Geology Department

Prof. Dr. A.M. Noweir

## **Declaration**

I declare that the contents of this thesis have not previously been submitted for a degree at this or other universities.

***Aziz Mahmoud Ibrahim Abu Shama***

**Department of Natural History**

**Faculty of Education**

**Kafr El-Sheikh**

## ACKNOWLEDGEMENTS

*I am greatly indebted to my supervisor **Prof. Dr. A. T. Abd El-Hameed**, Ass. Professor of Sedimentary Petrology, Geology Department, Faculty of Science, Tanta University, for his sincere assistance during field work, and for his critical reading and commenting on the manuscript.*

*My sincere thanks also go to my supervisor **Prof. Dr. A. A. Abdel Wahab**, Ass. Professor of Sedimentary Petrology, Natural History Department, Faculty of Education at Kafr El-Sheikh, Tanta University, for providing every thing I needed during my investigation, unlimited encouragement, useful advice, reading and commenting on the manuscript.*

*Special thanks also go to my supervisor **Dr. A. M. El-Shishtawy**, Lecturer of geology. Geology Department, Faculty of Science, Tanta University, who checked my laboratory work step by step and provided me with the necessary references. His assistance and commenting on the manuscript is greatly appreciated.*

*I would like to thank my parents and my brothers for their continuous help and patience throughout my study. Great thanks should also go to all my teachers who helped me a lot during my undergraduate study and for their encouragement to complete my graduate study.*

*I would like also to give my thanks to **Prof. Dr. E. F. McBride** (Texas Univ.) for his sincere advice and useful comments on this manuscript as well as on my plates during his staying in Egypt last year.*

*My thanks also go to **Dr. A. M. Salem** who performed some of the XRD analyses and SEM investigations at the University of Texas. I would like also to extend my thanks to all the Staff Members of the Natural History Department, Faculty of Education at Kafr El-Sheikh especially **Prof. Dr. E. M. Zanati**, the chairman of the department and Dean of the Faculty for her sincere help.*

*Special thanks also go to the Staff Members of the Geology Department, Faculty of Science, Tanta University, especially **Prof. Dr. A. M. Noweir**, the*

*chairman of the department for his continous encouragement and sincere assistance to carry out this project.*
