DEDICATION

Above all, I am so grateful to GOD for giving me the strength to finish this work.

I dedicate this work to my son Daniel, who shared me everyday of hard work since his birth, my caring and giving husband, without his support it wouldn't have been possible to finish this work, my loving mother and father for their continuous sacrifices since I came to this world and to my special friend Maha Elhamshary who joined me walking the whole way.

Finally, I dedicate this work to the martyrs of the Egyptian revolution of 25th of January 2011, wishing our country all the goodness.
