MICROBIAL AND BIOCHEMICAL STUDIES ON PHYTASE ENZYME IN SOME MICROORGANISMS

Thesis
Submitted In Partial Fulfillment Of The Requirements For The
Degree Of Master Of Science

In
Microbiology

By

Nadia Abdelmonem Abdelbary
B. Sc. (1992)

1997

ACKNOWLEDGMENT

I wish to express my deepest thanks and gratitude to God for helping me to be able to finish this thesis.

I wish to express my deepest thanks and gratitude to Prof. Dr. Ahmed Ibrahim El-Diwany, Professor of Microbial Chemistry Department of Chemistry of Natural and Microbial Products, National Research Center for his valuable help, sincere cooperation, supervision and helpful discussion during this work.

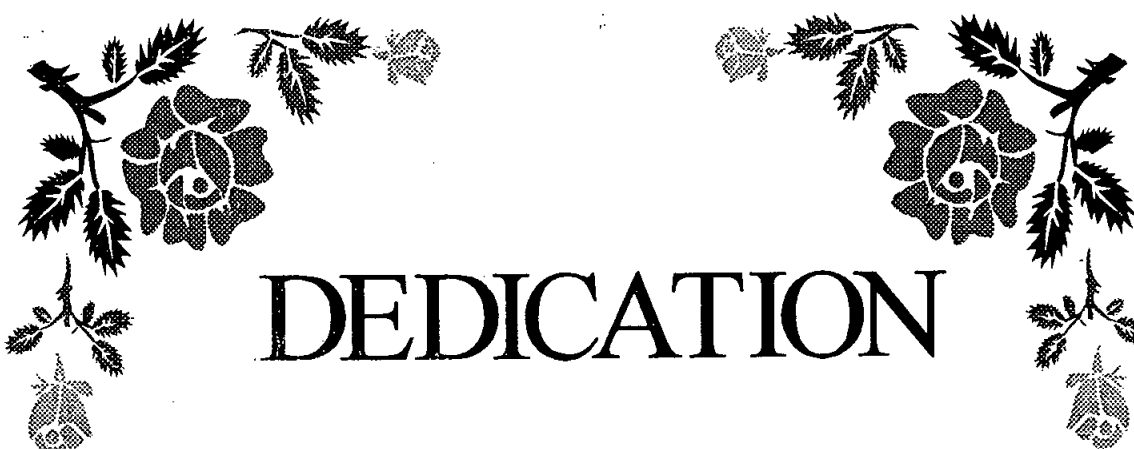

I wish to express my deepest thanks and gratitude to Prof. Dr. Ali Hassan Rady Professor of Food Chemistry, Nuclear Research Center, Atomic Authority for his valuable help, sincere cooperation, supervision and helpful discussion during this work.

I wish to express my deepest thanks and gratitude to Dr. Mona Ishak Fahd Assistant Professor of Microbiology Botany Department, College for Women's for her valuable help, sincere cooperation, supervision and helpful discussion during this work.

I wish to express my deepest thanks and gratitude to Dr. Azhar Abd El-Karim Assistant Professor of Microbiology Botany Department, College for Women's for her valuable help, sincere cooperation, supervision and helpful discussion during this work.

My thanks to all members of the Microbial and Chemical Products in the National Research Center for their help and support.

My thanks to all members of the Food Irradiation Unit, Plant Research Department, Radioisotope & Application division, Nuclear Research Center, Atomic Energy Authority for their help and support.

DEDICATION

TO MY
PARENTS,
MY
BROTHERS
AND
SISTERS
