ACKNOWLEDGEMENT

- It is pleasure to express my sincere thanks and gratitude to:

Dr. Tarek Salah

For his supervision, guidance and valuable advice. His constant supports were of paramount importance for the initiation, progress and completion of this work.

- I would like to express my deepest thanks and sincere gratitude to my mentor:

Dr. Atef Shaker

For his assistance, constructive guidance, facilities, continuous encouragement in the initiation progress and completing of this study.

- No words can describe the effort and help of my god mother :

Dr. Nadia Fahmy,

For her endless support, great help, meticulous supervision, continuous advices and guidance which were the cornerstone of this work.

- I am grateful for all the staff of the fixed prosthodontic department, Faculty of Dentistry Ain Shams University, for their continuous support.
 - I would like also to express my deepest thanks to my dear **Dr. Amina Zaki** for her valuable support and continuous help.
 - I am grateful to my second family in fixed prosthodontic department MSA University, for their continuous help and support.
 - I would like to thank all my assistants for their help and motivation.

Dedication

My hearty and deepest appreciation to my family, especially my parents, my dearly loved wife, and my beloved daughter for their endless understanding, support and sympathy. Without them I wouldn't be able to achieve my goals.
