Arabic Summary	

List of Figures

Figure Number	Figure Title	Page
(1)	Diagrams showing the organization of hypogenous, perigenous and epigynous flowers and the position of ovary with respect to other floral parts.	4
(2)	Schematic drawing of longitudinal sections showing the vascular system of epigynous flowers.	6

List of Tables

Table Number	Table	Page
(1)	Synoptic arrangement of the studied taxa according to different systems of classification of the flowering plants.	8
(2)	The different localities of the studied taxa.	19
(3)	The micromorphological aspects of the pedicel, receptacle, perianth leaves and floral cup of the studied taxa.	145
