Researcher's Profile:

Name:

- Shaimaa Ahmed Shehata Abou El Magd

Date of Birth:

- 21st of March 1980

Previous degrees:

- B.Sc. Ain Shams University, Faculty of Engineering, Department of Architecture, June 2003.
- Diploma of Information Technology (IT), Geographical Information System (GIS) field, Information Technology Institute (ITI), The Cabinet Information & Decision Support Center, September 2003-july 2004.
- Urban Studies Module, Vrije Universiteit Brussel (VUB) Belgium-September 2008-July 2009.

Present position:

- Teaching assistant at Modern Sciences and Arts University (MSA), Faculty of Engineering, Architecture Department.
- Teaching Geographical Information System (GIS) at Arab Academy for Science & Technology and Maritime Transport (AAST), Faculty of Engineering, Architecture Department.

Acknowledgement:

I would like to express my gratitude and greatest thanks to **Prof. Dr. M. Ayman Ashour** for his great support, guidance and encouragement through the process of writing the thesis, in the years of undergraduate and pre master studies, as he always showed support, understanding and attention.

I also wish to thank **Prof. Dr. Mohammed Gabr** for his support and valuable guidance when I needed them and for always being there, in the process of writing the thesis and in the years of undergraduate and pre master studies.

I would like to thank **Dr. Mohab Elrefaie** for his guidance and encouragement since I was teaching with him. He always showed support and attention.

My dear supervisors I can never thank you enough, you have always showed great amount of attention, support and understanding. May God reward you for all you have done.

I would like to express my thanks to **Prof.Dr. Sawsan Elsayed Yacoub Bakr**, Professor of Architecture, Cairo University and **Prof.Dr. Mohamed Tamer Zakria Elkhhorazaty** Professor of Urban Design and Planning, Ain Shams University for approving on being part of the jury members for my thesis.

Finally, I would like to thank my two families for the great support and for always being there for me, my small family: my aunt Tahany, uncles Prof.Dr.Saied Gouda who always dedicated time and effort for me, Prof.Dr.Abd Elaziz Gouda and uncle Mohamed Gouda.

My other family at MSA University, where they always supported and wished me the best, I thank them all and in particular: my dear Prof. Dr. Saied Ashour, Dean of faculty of engineering, Prof.Dr.Hesham Gabr previous head of architecture department, Prof. Dr. Omar Fawzy head of architecture department and Prof. Dr. Sameh Elfeky. I am very grateful for everything you did for me, the words cannot say enough.

Dedication:

For you my small family I will be always grateful and thankful

My beloved mother Omaina Gouda

My dear father Prof.Dr. Ahmed Shehata

My sister and friend Eng. Doaa Ahmed Shehata

My dear little and promising brother Mohamed Ahmed Shehata

For you I dedicate this work.
