ACKNOWLEDGMENT

The author wishes to express her deepest gratitude and appreciation to **PROF. DR. A.S. EL-DEBABY**, Professor of Agronomy, Faculty of Agriculture, Moshtohor, Zagazig University, for his supervision, valuable guidance and constructive criticism through the course of this study and the preparation of this manuscript.

I wish to extend my thanks to **PROF. DR. ELS. H. M. HEFNI**, Professor of Agronomy, Faculty of Agriculture, Moshtohor, Zagazig University, for supervision, suggesting the problem, guidance during this study.

Sincere thanks are due to **PROF. DR. M. A. M. EL-KHOLI**, Professor of Agricultural Research Centre (ARC) for his supervision and continuous help throughout the course of this study and suggesting the problem guidance and encouragement, valuable advice and kind help throughout the investigation.

Thanks also extended to **Dr. A. M.H.Esh**, Researcher, Plant Pathologist, SCRI, ARC, for his gracious help throughout this study.

Special gratitude and thanks are due to my father **PROF. DR. T.Gh. BEHAIRY**.

Sincere thanks are also due to all members of Seed Technology Department of Agricultural Research Centre especially **PROF. DR. M.I. EL-AMERY**, for his help during the course of this study.
