Acknowledgments

First and before any thing, I would like to thank **Allah** for my success in completing this work.

Then, I must take this opportunity to thank all those people who helped me in the preparation of this thesis.

First of all, I would like to acknowledge with gratitude the guidance, advice and support of **Prof. Dr. Abd El Fatah Ebrahim**.

I deeply appreciate his immense knowledge, patience, encouragement, valuable comments, constructive discussions and tactful manners.

I also wish to express my grateful thanks to **Dr. Sameh Ebrahim Rehan** for moral support, valuable advises and encouragement.

I am greatly appreciate the staff of the Department of Electronics and Communications at the Faculty of Engineering, El-Mansoura University, for their help.

Really, these words are very few. So we hope that this thesis will accept your respect.

Eng. Lobna Abd Elaziz Osman.
