ACKNOWLEDGEMENTS

I wish to express my deepest gratitude to all those who assisted me to complete this work.

First and foremost, my thanks are directed to *Professor Dr. Mostafa Ahmed Arafa*, Professor of Epidemiology, High Institute of Public Health, Alexandria University for his unlimited help and continuous insistence on perfection, without his constant supervision, this thesis could not have achieved its present form.

Many thanks and appreciation to *Prof. Dr. Salah Rafik Zaher*, Professor of Pediatrics, Faculty of Medicine, Alexandria University, a real father encouraging and pushing me towards success and progress in this work.

I would like also to thank *Dr. Amira Ahmad Hamed El-Dawaiaty*, Lecturer of Mental Health, Family Health Department High Institute of Public Health, Alexandria University, for her supervision and encouragement and for her kindness throughout the work
