***RADIOBIOLOGICAL STUDIES ON THE
FLESH FLY PARASARCOPHAGA SP.***

A thesis submitted for the
Degree of Master of Science (M. Sc.)
In Zoology

By
JANETTE MOUSSA KAMEL GEORGY
(B. Sc.)

Supervisors

Prof. Dr.
ERIAN GEORGE KAMEL
Prof. and Head of Zoology Department
Girls College for Arts, Science and Education
Ain Shams University

Dr.
SAUD EL-SAID EL-SEBAH
Lecturer of Entomology
Entomology Department
The National Center for
Radiation Research and
Technology
Atomic Energy Authority

Dr.
FAIKA IBRAHIM KOSSA
Lecturer of Zoology
Zoology Department
Girls College for Arts,
Science and Education
Ain Shams University

Zoology Department
Girls College for Arts, Science and Education
1999

DEDICATION

***To my Dear Father,
To my Dear Mother,
To my Sisters and Brothers,***

***who encouraged me during this
work, I will never forget their
continuous support. ~***

Acknowledgement

Thanks for the Merciful and Compassionate God who helped me with the capability for carrying out this work.

I would like to express my deepest thanks and appreciation to professor *Dr. Erian George Kamel*, Professor of invertebrates and Head of Zoology Department, Girls College, for Arts, Science and Education, Ain Shames University, for suggesting the present investigation, encouragement, continuous and close supervision, energetic help and illuminating advice, and follow up during different stages of constructive criticisms, during revision of the manuscript. Such unlimited assistance will never be forgotten and I shall always remain indebted to him.

Words fail to express my deepest gratitude and special thanks to *Dr. Saud El-Said El-Sebaili*, Lecturer of Entomology, Department of Entomology, National Center for Radiation Research and Technology, Atomic Energy Authority, for suggestion and planning this work, sincere help, kind

ACKNOWLEDGEMENT

encouragement, valuable support, providing all the required facilities, utmost patience, fruitful advice, direct supervision, helpful discussion and criticizing the manuscript.

I would also like to tender my special thanks to ***Dr. Faika Ibrahim Kossa***, Lecturer of Zoology, Department of Zoology, Girls College for Arts, Science and Education, for her precious assistance, active supervision, valuable help as well as critical reading of the manuscript. I am also greatly indebted to her continuous support.

Last but not least, my deepest appreciation is rightfully given to the staff members and all my colleagues of the Zoology Department, Girls College, altogether with the staff members at the National Center for Radiation Research and Technology, for their cooperation throughout the present work.
