ACKNOWLEDGEMENT

I wish to express my deepest gratitude to all those who assisted me to complete this work.

*First and foremost, my thanks are directed to **Professor Dr. Mona Hussein Kandil**, Professor of Clinical Pathology, Medical Research Institute, University of Alexandria, for her unlimited help and continuous insistence on perfection, without her constant supervision, this thesis could not have achieved its present form.*

*Many thanks and appreciation to **Prof. Dr. Mahmoud Saad Ragab**, Professor of Clinical Pathology, Medical Research Institute, University of Alexandria, for his supervision and encouragement and for his kindness throughout the work.*

*I would like to express my profound gratitude to **Dr. Mohamed Yosry Galal El Sammak**, Lecturer of Chemical Pathology, Medical Research Institute, University of Alexandria. Words cannot describe how grateful I am for his collaboration and supervision.*

*Special thanks to **Dr. Randa Mohamed Hosney**
Lecturer of Internal Medicine and Cardiology, Medical Research
Institute, University of Alexandria for her active participation
and donation of time.*
