ACKNOWLEDGEMENT

Thanks to ALLAH for gracious kindness in all the endeavors the author has taken up his life.

The author wishes to express his deep thanks and appreciation **Dr. Samir Ahmed Tayel**, Professor and head of Agr. Eng. Dept., Faculty of Agriculture, Al-Azhar University for his valuable guidance and supervision.

Also, the author wishes to express his sincere thanks to **Dr. Abd El-Kader A.El-Nakib**, Professor of Agr. Eng., Faculty of Agriculture, Al-Azhar University for his sincere supervision, encouragement, guidance and constructive criticism through his work.

Good wishes and gratitude are due to **Dr. Osama M.Kamel**, Researcher and Director of Rice Mechanization Center, Meet El-Deeba, Kafe El-Shakh. for his valuable discussions, scientific advice guidance and supervision.

Sincere appreciation to **Mohamed Metwalli**, Assistant Researcher and staff members of Rice Mechanization Center for their help, support and cooperation.

Very deep thanks to **my family** for their continuous encouragement and their patience during my studying.
