## List of Tables

<i>Tables</i>	<i>Title</i>	<i>Page</i>
(1)	Socio-demographic characteristics of nurses in the study sample	75
(2)	Total agreement upon the factors predisposing to workplace violence as reported by nurses in Shobra and Al-demerdash hospitals	78
(3)	Agreement upon the personal characteristics predisposing to workplace violence among nurses	79
(4)	Agreement upon the non-professional behavior factors predisposing to workplace violence among nurses	80
(5)	Agreement upon inefficient supervisor's organization factors predisposing to workplace violence among nurses	81
(6)	Agreement upon role ambiguity/workload factors predisposing to workplace violence among nurses	82
(7)	Agreement upon the organizational factors related to policies to support violence victims, poor quality of care, and nature of nursing work factors predisposing to workplace violence among nurses	83

<i>Tables</i>	<i>Title</i>	<i>Page</i>
(8)	Agreement upon the workplace design, and low security factors predisposing to workplace violence among nurses in the study sample	85
(9)	Agreement upon the societal factors predisposing to workplace violence among nurses in the study sample	86
(10)	Total agreement upon the factors predisposing to workplace violence among nurses in the study sample	87
(11)	Total scores of agreement upon the factors predisposing to workplace violence among nurses in the study sample	88
(12)	Exposure to workplace violence as reported by nurses in Shobra and Al-demerdash hospitals	90
(13)	Exposure to verbal/psychic workplace violence among nurses	91
(14)	Exposure to physical workplace violence among nurses in the study sample	92
(15)	Exposure to sexual workplace violence among nurses in the study sample	93
(16)	Frequency of exposure to verbal/psychic workplace violence among nurses in the study sample	95

<i>Tables</i>	<i>Title</i>	<i>Page</i>
(17)	Frequency of exposure to physical workplace violence among nurses in the study sample	96
(18)	Frequency of exposure to sexual workplace violence among nurses in the study sample	97
(19)	Perpetrators of workplace verbal/psychic violence as reported by nurses in the study sample	99
(20)	Perpetrators of workplace physical violence as reported by nurses in the study sample	100
(21)	Perpetrators of workplace sexual violence as reported by nurses in the study sample	101
(22)	Total effects of workplace violence on nurses in shobra and Al-demerdash hospitals	102
(23)	Effects of workplace violence on attendance and productivity as reported by nurses in the study sample	103
(24)	Effects of workplace violence on work relations and feelings as reported by nurses in the study sample	104
(25)	Total effects of workplace violence as reported by nurses in the study sample	106

<i>Tables</i>	<i>Title</i>	<i>Page</i>
(26)	Relation between nurses' exposure to verbal/psychic workplace violence and their socio-demographic characteristics, factors, and effects of violence	108
(27)	Relation between nurses' exposure to physical workplace violence and their socio-demographic characteristics, factors, and effects of violence	110
(28)	Relation between nurses' exposure to sexual workplace violence and their socio-demographic characteristics, factors, and effects of violence	112
(29)	Relation between nurses' exposure to any type of workplace violence and their socio-demographic characteristics, factors, and effects of violence	114
(30)	Relation between nurses' exposure to daily workplace violence and their socio-demographic characteristics, factors, and effects of violence	116
(31)	Relation between nurses' agreement upon the factors underlying workplace violence and their socio-demographic characteristics	118

<i>Tables</i>	<i>Title</i>	<i>Page</i>
(32)	Relation between nurses' affection by workplace violence and their socio-demographic characteristics	119
(33)	Correlation matrix of factors, exposure, and effects of violence scores	121
(34)	Correlation of factors, exposure, and effects of violence scores and nurses' age, experience and qualification	122
(35)	Best fitting multiple logistic regression model for exposure to workplace violence	123
